Project Requested By or Purpose

To procure professional engineering services for the purpose of administering two construction contracts estimated at $1,200,000.00. Consultant provides project engineer and support staff. Work involves replacement of box culverts and the approaches including asphaltic surface, beam guard and landscaping.

Work Consists of

Administering the above construction contracts, including but not limited to, interpreting plans, specifications and special provisions, enforcing contractor compliance through inspection, performing materials testing, performing survey checks, documenting items of work and maintaining project documents.

Consequences - If Not Approved

Without consultant participation there will be delays in getting the work completed.
