LEGEND

THE STATE TRUNK HIGHWAY SYSTEM

is shown by wide black numbered lines, varying in design with the type of highway, as follows:

- Surfacted with Concrete (or other permanent surfacing)
- Surfacted with Material other than Concrete (loose gravel)
- All Weather Earth Roads (normally good despite rains)
- Heavy Clay Earth Roads (slippery after rains and heavy going after prolonged wet spells)
- Unsurfaced Sandy Roads (heavy going after prolonged dry spells)

COUNTY TRUNK HIGHWAYS are shown by narrow black lettered lines as follows:

- Surfacted with concrete.
- All other types.

- ▲ County Trunks are marked or will be marked this season with the letters shown on the Map.
- ▲ Indicates that the nearest city or village maintains a Free Public Camping Ground for tourists.
- Indicates the location of a State Park.
- Indicates a Division Office of the Wisconsin Highway Commission.
