WIS 49 concrete pavement repair and WIS 44 overlay project

Public Information Meeting
November 17, 2009

Welcome to tonight's meeting! Thank you for taking time to attend and learn more about these projects.

Project information

The projects include:

WIS 49

- Repair concrete pavement joints on WIS 49 from County TC to West Corporate Limits.
- Replace concrete pavement on WIS 49 within the WIS 49/County T intersection.
- Diamond grind the pavement surface on WIS 49 to improve driving surface.

WIS 44

- Mill and overlay of asphalt pavement from west county line to WIS 49.
- Replace beam guard near the west county line to meet current standards.
- Extend cross culverts to provide safer slopes.
- Complete spot ditch repair in the village of Fairwater between Kennedy Street and Church Street, including construction of curb and gutter and a retaining wall to improve drainage.
- Reconstruct railroad crossing.

Both projects are currently scheduled for construction in summer/fall of 2010.

Traffic control

WIS 49

The roadway will be closed to through traffic. WIS 49 through traffic will be detoured via County TC to County M to WIS 23. Access will be maintained along WIS 49 for local and emergency traffic during construction.

WIS 44

The roadway will be open to traffic during construction and work will be performed under flagging operations except during the railroad crossing reconstruction, traffic will be detoured via County Q to County JJ to County E.

Public comments

We encourage you to talk to our project staff, view exhibits and discuss the proposed improvements. Attached to this handout is a sheet for your written comments and concerns about the project. Please mail any written comments before December 2, 2009 or simply drop it in the comment box tonight.
