### Crashes

Generally, law enforcement agencies investigate and file the written reports with the DOT. In those reportable crashes where an enforcement agency does not investigate and/or file a report, the people involved are required to file one. Go to this site to complete your report: [Crash Reporting](#)

The Division of Motor Vehicles (DMV) **no longer manages crash reporting.**

Please contact:

Crash Records Unit Phone (608) 266-8753

## 2019 Safety Responsibility Program Results \*

The Wisconsin Safety Responsibility Law requires all motorists involved in reportable crashes to submit evidence to the DMV of their financial ability to pay for damages they caused in the crash. A crash is reportable if there is injury or death, if there is \$200 or more damage to government property (except a government owned vehicle), or if there is \$1,000 or more in damages to any one person's property (including government owned vehicles). In 2019 there were 4,050 claims made against 6,205 uninsured drivers and/or owners exceeding \$23.0 million in damages.

### 2019 – Safety Responsibility (SR) Claims by Type of Claim and Amounts

Claim Type	Total Claims	Total Amount
Fatalities	1	\$25,250
Personal Injuries	15	\$124,445
Property Damage	267	\$1,139,000
Vehicle Damage	3,767	\$21,820,215
<b>Total</b>	<b>4,050</b>	<b>\$23,099,910</b>

A claim is verification of damages or injuries filed against an uninsured negligent driver and/or vehicle owner resulting from a crash. The claim amount includes estimated court costs.

### 2019 – Motorists Subject to SR Law

6,205	Notices of Suspension were sent to the drivers and owners of vehicles in 2019. In many crashes, the drivers and owners were different persons.
1,633	(23%) Responded to the Notice of Suspension by settling the claims prior to suspension.
48	Posted the required security deposit.
<hr/>	
4,572	Drivers and owners failed to comply with the requirements given on the Notice of Suspension and their operating and registration privileges were suspended.
1,633	Suspended motorists complied with the Safety Responsibility requirements after the Suspension Orders were entered.
1,641	Motorists accepted the one-year suspension of privileges.
1,568	Drivers and owners were still withdrawn as of January 21, 2020.

---

Out of 246,152 vehicles involved in reportable crashes in 2019, only 0.1% were uninsured, failed to pay for the damages and accepted a one-year suspension of privileges.

\*Insured parties have up to one year after the crash to file under the SR law, therefore 2019 is the latest year for which full SR program results are available.

## 2020 Facts and Figures

### Dealers

#### Buyer Identification Card

A Salvage Buyer Identification (BID) card permits the holder to attend salvage auction pools. DMV licenses persons who want to purchase damaged motor vehicles from motor vehicle salvage pools. The BID card holder must be an employee of a licensed dealer and may hold BID cards for more than one dealer at a time.

Source: Bureau of Vehicle Services\Dealer and Agent\Business and Customer Services Unit Work Statistics

#### Buyer Licenses Issued

A buyer's license allows the holder to bid on and purchase vehicles at wholesale motor vehicle auctions or dealerships.

Source: Bureau of Vehicle Services\Dealer and Agent\Business and Customer Services Unit Work Statistics

Buyer's License Implemented in 2004

### Drivers

#### Abstracts

Driver record abstracts are computer-generated copies of DMV's driver records. Most driver record entries are retained for the preceding five years; however, certain convictions can result in a driver record being retained indefinitely.

Driver records can be requested in any of several different ways:

- [Public Abstract Request System \(PARS\)](#)
- [Purchase Your Own Record – Online or by Mail](#)
- Brokers/Volume (BROVO) account holders are authorized under contract to receive driver record information and provide it to eligible recipients, as required for their specific business needs and according to DPPA guidelines. BROVO account holders are required to maintain a contract, updated DPPA form and comply with background check requirements at specific intervals. The BROVO service is provided by WisDOT in partnership with Wisconsin Interactive Network (WIN).

## 2020 Facts and Figures

### Citations and Convictions

**Citations:** Enforcement officers issue traffic citations (tickets) to drivers for violations of traffic laws. Most citations are written on the Wisconsin Uniform Traffic Citation (UTC) form. Each citation must be resolved by a court action.

**Convictions:** Convictions result from a guilty plea or court finding of guilty when a person is cited for a traffic violation. When a court finds a driver guilty of a charge, the person usually pays a fine or forfeiture and is assessed demerit points on point assessable offenses.

The courts forward all citations to the DMV. The DMV is required to record convictions to establish a person's driving history. The DMV maintains this history of Wisconsin drivers to determine when license withdrawal is necessary. Some single convictions require that DMV withdraw a license. Other times a driver's accumulation of demerit points triggers an action.

Bureau of Driver Services

DMV Communication Center

(608) 266-2261

Email: [Wisconsin DMV email service](#)

Source: Bureau of Driver Services, Citations & Withdrawals Section

'Entered' means convictions were posted to the Driver Record.

'Processed' includes convictions posted to the Driver Record and those that do not post to the Driver Record. For example, tickets that are written to out-of-state drivers and to companies, or tickets that are dismissed or the driver was found not guilty, etc., still need to be sorted, stored electronically and processed because of UTC accountability issues.

### Driver License

A driver license is evidence of authority to operate a motor vehicle. The two types of driver licenses are probationary or regular.

Bureau of Driver Services

(608) 266-2353

Email: [Wisconsin DMV email service](#)

Internet: [Driver License ID Card Guide](#)

#### License fees in 2020 are:

Non-Commercial Driver License Instruction permit \$35

Motorcycle instruction permit \$32

#### Driving skills exam

Auto (Class D) \$15

Motorcycle (Class M) \$15

#### Original Probationary or Regular License

Auto (Class D) \$28

Motorcycle (Class M) \$22

#### Renewal License –8 year

Auto (Class D) \$34

Motorcycle (Class M) \$18

Auto and Motorcycle (Class D/M) \$42

#### Commercial Driver License

Instruction permit \$30

Driving skills exam - Class A, B, C (except school bus) \$20

School bus skills exam - Class B, C, D \$15

#### Original or Renewal License

(Classes A, B and/or C with or without endorsements) \$74

Add Class(es) to existing license \$5

(cost is for each class added, with an additional \$10 Federal Verification fee)

HME-TSA Assessment Fee \$34

(this is in addition to the Regular Renewal fee, Duplicate fee, etc. which would include the \$10. The only time it would be \$44 would be for a HazMat renewal application)

Add Endorsements (each) to existing license \$5

Lift (No CMV operation in interstate commerce) restriction \$14

Lift (No CMV operation with air brakes) restriction \$14

## 2020 Facts and Figures

---

### Commercial Driver License (CDL)

A commercial driver license (CDL) is required for anyone operating a vehicle that:

- Weighs over 26,000 pounds. To determine the weight of the vehicle, use the highest of the following weights:
  - manufacturer's gross vehicle weight rating (GVWR)
  - manufacturer's gross combination weight rating (GCWR)
  - actual weight
  - registered weight
- Carries hazardous materials that require placarding under federal law. (Placarding requirements are found in [Title 49, Code of Federal Motor Carrier Safety Regulations, part 397.](#))
- Is designed or used to carry 16 or more persons including the driver.

## 2020 Facts and Figures

---

### Commercial Driving School

A driver training school teaches students to operate a motor vehicle. DMV licenses schools and instructors and inspects them to ensure they continue to meet licensing requirements. There are 177 licensed driving schools employing 846 instructors.

### Motorcycle License

A motorcycle is a motor vehicle designed and built to have no more than three wheels. It must have its own power source capable of speeds more than 30 mph with a 150-pound rider, under ideal road conditions.

## 2020 Facts and Figures

---

### School Bus (S) endorsement

A School Bus Endorsement (S) is required for anyone operating a school bus to transport:

- Pupils to/from public and private schools (and in some instances vocational, technical and adult education programs)
- Pupils to/from curricular or extra-curricular school activities
- Pupils to/from religious instruction when school is in session
- Children (under 21) with exceptional needs to/from approved educational programs

### Employer Notification Program

The Employer Notification program is part of the Public Abstract Request System (PARS), a secure Web-based system that allows participating account holders to have instant access to driver and vehicle record abstracts via Portable Document Format (PDF) images. The Employer Notification program will identify any enrolled employee with recent activity on their driving record and allow the account holder immediate access to the current driver record abstract.

## 2020 Facts and Figures

---

### Medical Evaluation for Drivers

DMV evaluates whether each applicant for a license can exercise reasonable control over a vehicle. To carry out this responsibility, the DMV conducts written exams, road tests, sign identification tests, and vision screenings. Some persons have medical conditions or disabilities which the DMV cannot adequately assess using these tests. These individuals are required to submit medical information to aid the division in making licensing decisions.

The Medical Review and Fitness Unit reviewed over 21,670 medical reports in 2020, a 3% decrease\* from 2019. In addition, staff updated 53,918 Federal Medical Certificates\*\* for Commercial Drivers. 2,266 reports reviewed resulted in the cancellation or denial of driving privileges due to a medical condition. 233 drivers were cancelled for not taking the re-examination tests when requested by DMV. Out of 1,243 special examinations conducted in 2020, only 73 drivers were cancelled for not being able to pass a portion of the required tests.

494 drivers voluntarily surrendered their license when asked for a medical report or to take the knowledge, sign and highway tests.

DMV Examiners conducted 1,243^ driving skills test\*\*\* re-examinations:

- 980 successful tests were conducted (78.84%)
- 263 unsuccessful tests were conducted (21.16%)

*^NOTE: Applicants may take the driving skills test up to five times in a one-year period. This number does not reflect the number of applicants re-tested during 2020, merely the number of re-exams conducted by DMV Examiners. The total conducted shows a 41.51 % increase from 2019.*

DMV attempts to allow each person to drive under conditions which are safe for them. For example, some drivers will be restricted to an area within 15 miles of their home if they can demonstrate good driving skills in that limited area. Physicians often recommend restrictions such as daytime driving only, no driving on freeways, or driving with an automatic transmission. Through the use of restrictions, driving tests and medical reports, the DMV ensures that people with conditions limiting their functional ability can maintain a safe level of driving.

\*Medical Review and Fitness delayed requesting medical reports in March of 2020 for all medical conditions except any condition related to a loss of consciousness. This process resumed in June.

\*\*Federal Medical Certificate processing duties were shifted from one DMV work unit to the Medical Review and Fitness Unit during Fall of 2019. This shift in work assignments account for the increase in volume compared to 2019.

\*\*\*Skills test re-examinations were not offered between March 18 and July 27 resulting from the Covid-19 Pandemic. This stoppage accounts for the decrease in tests conducted compared to 2019.

### Photo Identification Card (ID)

Any Wisconsin resident who does not presently hold a valid driver license (from Wisconsin or another jurisdiction) may apply for an ID card. You may not hold a valid driver license and an ID card at the same time. If you hold a valid driver license and wish to obtain an ID card, you will be required to surrender your driver license and driving privilege. There is no age limit to apply for an ID card.

## 2020 Facts and Figures

---

### Demerit Points

Persons who accumulate 12 or more demerit points in any one-year period may be subject to a driver license suspension. The points are counted by date of violation. Offenses include:

- Speeding
- Failure to obey a sign
- Failure to yield right of way
- Other moving traffic violations

### Suspension of driving privilege

The type of driver license you have determines the requirements and timeframe of a suspension:

- If you have a probationary driver license, instruction permit or have never been issued a license:
  - 12-30 points assessed – 6-month suspension
  - More than 30 points assessed – 1-year suspension
- If you have a regular driver license including a commercial driver license (CDL):
  - 12-16 points assessed – 2-month suspension
  - 17-22 points assessed – 4-month suspension
  - 23-30 points assessed – 6-month suspension
  - More than 30 points assessed – 1-year suspension

---

### Administrative Suspension: Alcohol Concentration

The administrative suspension law provides for the withdrawal of a person's operating privilege if he or she is arrested for operating a motor vehicle with a prohibited alcohol concentration, submits to chemical testing and fails the test.

The arresting officer issues a notice of intent to suspend.

The driver has 10 days to request a review of the suspension. If no review is requested, or if a review is held and the outcome goes against the person, the suspension will take effect 30 days after the notice date on the Notice of Intent to Suspend form.

## 2020 Facts and Figures

---

### Alcohol/Drug Review

An alcohol or drug assessment is an interview between a driver and an alcohol and other drug abuse (AODA) assessor. The assessor identifies the driver's alcohol/drug use. As part of the assessment, the assessor develops a driver safety plan for the driver. There were 27,544 assessments and 21,492 completions in 2020.

# 2020 Facts and Figures

## Disqualification

Disqualification means the withdrawal of a person’s privilege to operate a commercial motor vehicle because of certain offenses committed by the person. Effective September 30, 2005, disqualifications apply to Commercial Motor Vehicle privileges for offenses committed in a Commercial Motor Vehicle or a Non-Commercial Motor Vehicle when the violation is classified as a major or serious traffic violation.

---

## Habitual Traffic Offender

Persons who accumulate four major traffic convictions, (including those from other jurisdictions) or a combination of 12 minor and major convictions in a five-year period, are identified as habitual traffic offenders. Major offenses include:

- Operating while under the influence
- Eluding an officer
- Reckless driving

## Revocations and Suspensions

Revocations and suspensions are the two most common actions taken to withdraw a driver’s operating privilege. Suspension is the more lenient action and means the privilege is put on hold for a given time. Revocation means complete termination of the driving privilege.

## 2020 Facts and Figures

### Revocation or Suspension Reinstatement

In most cases, after the period of suspension or revocation expires, and all other eligibility requirements have been met, a person may either pay the \$60 or \$200 reinstatement fee online by visiting <https://wisconsin.gov/Pages/online-srvcs/check-elig/eligibility.aspx>, mail the reinstatement fee to the DMV or go to a DMV Customer Service Center to pay the reinstatement fee. DMV will replace the license, if necessary.

A person whose license was suspended must also pay the appropriate renewal fee if their license has expired.

A person whose license was revoked must complete an application for reinstatement and take any required tests.

Except for a person revoked for a first offense of OWI and non-compliance with alcohol assessment or driver safety plan, a person whose driving privilege is revoked must file proof of financial responsibility with the division continuously for three years following the end of the withdrawal period.

Proof of financial responsibility is usually a certificate (SR-22) issued by an insurance company licensed to do business in Wisconsin. The SR-22 must certify that the person has liability insurance in the amounts of at least \$25,000 and \$50,000, for personal injury or death and \$10,000 for property damage. A person can also post a bond or make a cash deposit for these amounts with DMV.

The SR26 is the Notice of Cancellation of the SR22

### Traffic Safety Programs

The DMV, along with the Wisconsin Technical College System (WTCS), administers traffic safety courses to assist individuals in modifying their driving behavior. The courses include:

- Traffic Safety School (TSS) course which reviews basic safe driving concepts
- Group Dynamics course designed for drivers who have been convicted of operating while intoxicated (OWI), and are assessed to demonstrate irresponsible use
- Multiple Offender Program (MOP) course for drivers who have been convicted of OWI more than once and are assessed to demonstrate irresponsible use
- Basic Rider & Experienced Rider courses (see “Motorcycle License—Class M”)

Bureau of Driver Services  
(608) 266-7386

## 2020 Facts and Figures

### Driving Road Test

Anyone applying for the following licenses are required to take a driving road test:

- an original Class D operator's license (auto and small trucks)
- an original Class A, B, or C commercial operator's license
- an original P (passenger) endorsement to operate large motor buses
- an original or renewal S (school bus) endorsement to operate any school bus
- renewal or reinstatement of a license not valid more than eight years
- a restricted juvenile license
- a special restricted license
- an original Class M (motorcycle) license (unless they complete a Basic Motorcycle Rider course)

Tests may be waived for drivers with a valid out-of-state license and for drivers who have had a valid license within the last eight years. DMV may require a driving road test whenever it has good cause to question a person's ability to operate a motor vehicle safely due to a physical or medical disability. DMV Customer Service Centers do not conduct any CDL road tests.

### Motor Carriers

#### Heavy Vehicle Use Tax (HVUT)

Heavy Vehicle Use Tax (HVUT) is an annual tax assessed by the Federal Internal Revenue Service (IRS) on vehicles operating on public highways at a gross weight of 55,000 lbs. and greater.

Although the tax has been in effect since 1954, the federal government held the states responsible for enforcement beginning in October 1985. The federal government distributes revenues back to states for highway construction and maintenance.

## International Registration Plan (IRP)

The International Registration Plan (IRP) is a vehicle registration system which registers interstate motor carrier vehicles for all participating jurisdictions in by filing one application with their 'base' or home state. Registration fees are calculated on the percentage of miles a carrier travels in each jurisdiction. The base jurisdiction collects the fees for all jurisdictions where the carrier operates and forwards the fees to those jurisdictions. The carrier is issued one license plate and cab card for each vehicle. The cab card lists all jurisdictions and the registered weight. IRP registration is valid for both interstate and intrastate operations.

## Electronic Title and Registration

The Electronic Title and Registration program allows dealers, financial institutions, fleets, and other approved businesses as DMV agents to complete title and registration transactions for themselves or their customers electronically. The funds for the registration and title are also submitted electronically. The electronic data updates the DMV database directly and eliminates the need for DMV to re-key the application. The paper applications and source documents can either be uploaded electronically or continue to be submitted to DMV separately for audit and imaging purposes.

### Vehicle Emission Inspection Program (I/M)

The federal Clean Air Act spells out air quality standards that all areas of the United States must meet. Motor vehicles are one of the major sources of air pollutants in metropolitan areas. Vehicle exhaust emissions include nitrogen oxide, carbon monoxide and hydrocarbons. Vehicle testing assures that in-use vehicle emissions are within specified standards.
