

# TraCS Buttons Are Not Visible - Screen Resolution

Last Modified on 08/29/2017 8:28 am CDT

**Issue:** 1. Not all TraCS icons are visible.

2. The TraCS splash screen is not completely visible.

## Solution:

Windows 7 has a setting for making icons and text larger. TraCS requires the smallest recommended setting. It should be set to 100%, not any bigger.

1. Right Click the desktop.
2. Choose Personalize.
3. Click **Display**.
4. Change settings.
5. Restart Windows.

Or

1. Right Click the desktop.
2. Choose Screen Resolution.
3. Click [Make text and other items larger or smaller](#)
4. Change settings.
5. Restart Windows.
