Women and youth
are forced
into prostitution
along our
nation's highways.
You can help.

Everyday Heroes Needed

Human trafficking is modern-day slavery, where traffickers use force, fraud and coercion to control their victims. It can occur in many locations, including truck stops, hotels, restaurants, rest areas, brothels, strip clubs, private homes, etc. Any minor engaged in commercial sex is a victim of human trafficking.

Truckers are the eyes and ears of our nation's highways and are already making calls that save lives. They are Everyday Heroes . . . like Kevin Kimmel, whose call rescued a 20-year-old woman being sold, beaten, tortured and repeatedly raped in the back of an RV parked at the back of a truck stop, or Joe Aguayo, who saw a young trafficking victim who'd been drugged, beaten, raped and abandoned along a remote road, with her head shaved and nothing but a towel for covering. Because professional drivers often find themselves in locations frequented and exploited by human traffickers, they're in a unique position to recognize the signs of human trafficking and make the call that can lead to victim recovery and perpetrator arrests.

Warning: Please do not approach traffickers. Allow law enforcement to deal with traffickers and recover victims. Approaching traffickers is not only dangerous for you and their victims but could lead to problems in the eventual prosecution of traffickers.

When calling law enforcement: In order to open an investigation on your tip, they need "actionable information." This would include:

- Descriptions of cars or trucks (make, model, color, license plate, truck and/or JSDOT number, etc.) and people (height, weight, hair color, eye color, age, etc.) Take a picture if you can.
- Specific times and dates (How did you see the suspect in question take place? What day was it?)
- Addresses and locations where suspicious activity took place
- When you contact law enforcement, **tell them you suspect human trafficking, not prostitution.**

Note: In the U.S., there is now a lifetime ban on a CDL for any individual who uses their DMV to commit a felony involving a severe form of human trafficking. All 50 states and DC have a law criminalizing sex trafficking. Some states punish sex purchasers the same as sex traffickers, and most states have a buyer-applicable trafficking law that prohibits a mistake-of-age defense in prosecutions for buying a commercial sex act with any minor.

Truckers Against Trafficking (TAT) has been working with members of the transportation industry since 2009 to provide the needed training and tools to enable members of these key industries to both recognize and report human trafficking when they see it happening. TAT has wallet cards with red flags to look for, questions to ask if you suspect someone is a victim and actionable information to report. This wallet card is available by app, from the appropriate app store, or by emailing info@truckersagainstrafficking.org for a version to carry in your wallet. Additionally, TAT provides a powerful, 26-minute video on its website (www.truckersagainstrafficking.org), with, when watched along with taking and passing a short test, certifies drivers as TAT-Trained, a designation which can go on your resume.

This study guide is intended for potential CDL instructors for Driver Training Schools. The items included have been taken from the larger more extensive Driver Training School Guidelines that also provides information on starting your own school and other types of operations. Creating this smaller version will allow prospective CDL instructors the ability to concentrate on instructor material solely while they are preparing for their CDL instructor knowledge exam. If the applicant is unsuccessful in their testing attempt, the reference sheet provided by the service center references the original Driver Training School & Instructor guidelines, NOT this smaller version.

The chapters have been kept at the beginning of each block as a reference point back to the full Guidelines if you wish a more detailed overview of certain topics. Although this smaller version is for instructors only you will see some references to ownership duties and responsibilities that instructors should be aware of.

Complete lesson plans are to be kept on file at the driver school office but not submitted to the department in lieu of the Course Summary.

[WI Admin Code Trans 105.07\(1\) \(b\) 3](#)

When preparing lesson plans, along with any other references, refer to the WI CDL Drivers Handbook for detailed information as well as FMCSA'S TPR located at <https://tpr.fmcsa.dot.gov/>.

All licensees must ascertain from state license examiners the route over which road tests are given and no licensee may instruct in those areas, except that driver schools may operate on a division of motor vehicle skills test route if comparable training location opportunities are not otherwise available in the locale.

[WI Stat 343.72\(6\)](#)

Training Provider Registry (TPR)

No driver school may represent that completion of a course of instruction will guarantee that the student will pass the driving skills test administered by the department. A driver school may only represent by means of a certificate of completion that the student has satisfactorily completed the required course.

It is the responsibility of the driver training school to:

- Enter in completions for students within the TPR for completion of the classroom, yard/range and road instruction when all required fees have been paid.

[WI Admin Code Trans 105.07\(1\) \(c\)](#)

All Driver Education completions should be submitted via the TPR at [Training Provider Registry \(dot.gov\)](#).

Driver School Point System

The department may assess points against a driver school that has violated any provision or rule that constitute grounds for the suspension, revocation, or denial of their license. The department will evaluate the offense and shall send a warning letter prior to an advisory letter. The school may respond within 10 days.

[WI Admin Code Trans 105.11](#)

Points assessed against an instructor shall also be assessed against the driver training school.

See: Driver School and Instructor Point System Chart (**ADDENDUM C**)

Progressive Enforcement Actions

A process of enforcing regulations in [WI Stat 343.60](#) – [343.72](#) and rules interpreting these statutes

The process is based on the total number of demerit points assessed within the past 24 months and consists of four levels.

- Level 1. An advisory letter may be sent to the driver school or instructor asking for corrective action.
- Level 2. The department may conduct an on-site inspection or audit. An advisory letter shall be sent. If a situation is unresolved after time specified in the advisory letter, the Department may issue a conditional license under [WI Stat 343.61](#) or [343.62](#) restricted to classroom instruction only. Vehicles used by the driver school may also be ordered out of service, if the violation is related to the vehicle inspection. The restricted license may remain in effect until the situation is resolved.
- Level 3. A warning letter will be sent. The licenses may be revoked, suspended or denied for 90 days.
- Level 4. The licenses shall be revoked, suspended, or denied for 4 months to one year, based on point accumulation.

[WI Admin Code Trans 105.12](#)

See: Progressive Enforcement Actions-**(ADDENDUM D)**

Complaints

Driver school customers, other interested parties may contact our office with substantiated complaints. In general, a standard policy of resolving complaints fairly is followed.

[WI Stat 343.69\(2\)](#)

All complaints are to be submitted on the form.

When a written complaint is received, the department will notify the driver school involved in writing. Any complaint against an instructor should be discussed with the school owner when it is received from the department.

Fee – License

The fee for an instructor's license is \$50 (24 months) and may be prorated if the license is issued for less than 24 months. (The fee submitted on an original application will be \$2/month from the month of application until the expiration of the Driver School License.)

Examinations for License

Tests are required of all applicants for original instructor's license and whose licenses have lapsed for one or more years.

Required tests are dependent on the type of instruction being taught for Class A, B, or C license.

If an applicant fails any test after 2 successive attempts, the applicant must wait 1 year from the date of the last test to retest.

The department may require retesting of currently licensed instructors either as part of a routine retesting program or when it has reasonable cause to doubt the continued competency of any individual instructor.

Knowledge Test(s)

This test may be taken at any DMV service center (no appointment necessary).

Formal training is the most reliable way to learn the many special skills required for safely driving a large commercial vehicle and becoming a professional driver in the trucking industry.

Road Test

The road test must be completed in a vehicle similar to the one that will be used for instruction. An applicant may need to take this test in multiple vehicles depending on the type of vehicle they will be using for training. Example: The instructor will be training in Class A CMV and Passenger Bus, they would need to take a CDL Skills test in each vehicle type. The applicant shall take the road test administered by the department. The road test shall be scored in the same manner as tests given for the type of operator's licenses the applicant will instruct and shall also include an actual demonstration of procedures and techniques used for instructing drivers. An appointment is necessary and will be scheduled with the district headquarters office, after an applicant is approved.
