

## **Supplemental Specifications (SS) Instructions**

General: These are a set of Bureau specifications, which supplement the Standard Specification Book. SS update the Standard Specifications between publications. Changes to the FAA's AC will likely be implemented by SS.

Procedure:

1. Format the "Supplemental Specifications" so as to assure a uniform arrangement and appearance with the Bureau's standard.
2. All Bureau current SS, are included on this shell. Include only those SS# that are applicable to your project. **DO NOT ALTER THE SS.**
3. Include the unaltered copy of the appropriate "Supplemental Specifications" in the bound Proposal under Segment III of the Proposal.
