

DBE ALERT: for July opportunities 2022

The upcoming July letting has one project with federal funds. There is a DBE goal on the project and the sub-contractable opportunities are attached. See the advertisement [here](#). Find consultant solicitation information [here](#). There will be another Design-Build project proposal submitted in August. Here's a [link](#) to information on that project. We'll discuss the Design-Build project in depth with the primes who are responding to the proposal at the Trans-AC (Transportation Advisory Committee) meeting on July 19th. Please send an email to Lori Green if you would like to attend: Lori.Green@dot.wi.gov.

I've been receiving questions regarding payment withholding and want to make sure you are aware of the updates to ASP-4 as of December 2020. Primes are not allowed to withhold retainage on items completed satisfactorily and paid by WisDOT. See ASP-4 [here](#). Prompt payment is also covered by ASP-4. Please reach out to my office if you are experiencing payment issues. You can send an email to DBE_Alert@dot.wi.gov and include "prompt payment + Project ID" in the subject line.

If you haven't seen the current version of the [DBE Newsletter](#), check it out!

The entire DBE website has been updated, and we're continuing to add new information. See the [DBE Support Services](#) pages to learn more about resources we can offer your business.

Finally- the DBE Program team is on the road visiting contractors around the state this summer and fall. Please reach out if you'd like us to come visit you. We're excited to be seeing people face to face and at your place of business.

Stay tuned for more updates on contracting and networking opportunities throughout the state.

Have a good week and be safe!
