

### October 2022 | eSubmit Reminder

Last call before the October 11, 2022 bid letting! We are still receiving eSubmit requests the day of bid lettings – so please take some time to complete eSubmit access soon.

If your company has not signed up for eSubmit, please take some time **this week or next week** to do so. **Beginning with the October 2022 bid letting, letting documents will no longer be accepted through the DBE Alert mailbox.** Taking the time now will allow our office to approve and test any eSubmit issues, so your company is prepared on bid day (eSubmit instructions are attached).
