

ENVIRONMENTAL DOCUMENT AVAILABILITY and HEARING SUMMARY

06-11-2019

Wisconsin Department of Transportation

Project ID:

This Environmental Document Availability and Hearing Summary is completed if the project required publication of a Notice of Public Hearing and Notice of Availability of an Environmental Document or a Notice of Opportunity to Request a Public Hearing and Notice of Availability of an Environmental Document. When completed, attach this summary to the environmental document following the signatory page with the updated Environmental Document Template including all changes highlighted.

For assistance in when and how to complete this Summary contact the Region Environmental Coordinator (REC) or Bureau or Technical Services, Environmental Process and Documents (BTS-EPDS) liaison.

1. Type(s) and Date(s) of Public Notice(s):

See FDM 6-15-25 for types of public notices.

2. Published in (name of newspaper):

3. Dates environmental document was available to the public and agencies for review and comment:

From:

To:

4. Public Hearing:

- A Notice of Opportunity to Request a Public Hearing and Notice of Availability of an Environmental Document was published.
- No requests for a public hearing were received.
- Hearing request(s) received, then later rescinded in writing, documentation attached as:
- Hearing was held on:

5. Summarize comments from the Public Hearing and environmental document availability period or additional public involvement following the approval of the environmental document. Characterize public support or opposition to the project. Include responses to all substantive comments. (Note: Alternatives proposed by the public and subsequently rejected should be identified and the reasons for rejecting them):

Comments may be summarized or grouped together if they are similar. If summarized or grouped together, comments may be responded to with a single response. If comments are unique they should be individually listed, and a response should be included.

6. Summarize comments from agencies or local units of government from the Public Hearing and document availability period or additional public involvement following the completion of the Draft ER or EA:

Comments may be summarized or grouped together if they are similar. If summarized or grouped together, comments may be responded to with a single response. If comments are unique they should be individually listed, and a response should be included.

7. Summarize changes to the environmental document and project resulting from comments or feedback from the public, agencies or local units of government:

The environmental document should be updated to reflect all changes, changes should be identified using highlighted text. In addition to changes to the body of the environmental document, update the environmental document table of contents.

8. Describe the preferred alternative:

- The preferred alternative is the same as that described in the environmental document.

The preferred alternative is different from that described in the environmental document. Explain changes and why another alternative was selected:
