As of 1/1/2018, all manufacturers supplying laminated elastomeric bearings must be tested and approved through AASHTO Product Evaluation & Audit Solutions (PEAS).

Manufacturers may request WisDOT evaluation for acceptance on this this approved fabricator list once the PEAS testing cycle is complete. Include the following when submitting a written request for approval to the department:

- Company Name
- Physical and mailing addresses
- Contact person's name with email address and phone number
- PEAS product identification

Send submittal information to:

Aaron Bonk, PE
