Questions

Questions may be answered in any order, but please clearly indicate in the presentation which question is being answered:

- 1) Construction Inspection for Freeway Reconstruction Projects - What are your team's qualifications with interstate work, experience with alternative contract delivery methods, capacity to deliver over the duration of the project, and strategies for success on these projects?
- 2) The IH 94 Rock/Crawfish River Bridges will be delivered by an integrated team of consultant, Contractor/Design Team and department resources. Please share with us your approach to the working relationship between key staff and what processes will you employ to ensure the integrated delivery team is successful.
- 3) Please share with us your Team's experience addressing safety issues on past projects and describe for us what your Team will do to address the safety needs of this project. Provide a specific example with a contractor and describe how the issue was addressed.
- 4) Please share with us your Team's experience and qualifications regarding constructability review on highly complex transportation projects.
- 5) Please share with us your Team's approach to managing change on a project whether that's cost, schedule, or scope of work.
