

**Highway Maintenance Manual**

**Chapter 02 Administration**

**Section 20 Eligible Costs**

**Subject 55 Commercial Driver's License**

**Bureau of Highway Maintenance**

**January 2010**

***1.0 Authority***

Commercial driver's licenses are required by statute for operators of various types of highway maintenance equipment.

***2.0 Requirements***

A valid driver's license should be a condition of employment and continued employment for any employee whose job duties involve operation of a motor vehicle. To the extent a county incurs or accepts costs for its employees, the department shall participate in training and implementation costs for current county employees when changes in driver licensing requirements necessitate such costs. The commercial driver's license represented such a change where the department shares in costs.
