

Highway Maintenance Manual
Chapter 08 Roadside Facilities
Section 15 Site Amenities
Subject 25 Picnic Facilities

Bureau of Highway Maintenance
May 2015

1.0 General Maintenance Check List

1. Picnic Tables
 - a. Check for general damage and for worn, cracked or rotting legs, braces, tops and seat boards. Repair or replace parts as necessary.
 - b. Check for loose or missing bolts. Tighten, repair or replace as necessary.
 - c. Check paint or finish and repaint or stain the wood as necessary. All tables at the same site should be the same color.
2. Grills
 - a. Check each set of grates, all hinges, the fire bowl, mounting collar, support post and platform for damage and wear. Repair and/or replace parts and straighten post if necessary.
 - b. Check the finish. If in poor condition, repaint the fire bowl and post with flat black heat-resistant paint. Do not paint the cooking grate.
3. Waste and Recyclable Receptacles
 - a. Check condition of bins and covers. Replace rusted, battered or worn bins and repair covers as necessary.
 - b. Check the finish of each piece and repaint if necessary. All waste receptacles and picnic tables at the same site should be the same color.
 - c. Replace "PITCH IN" decals as necessary.
