WisDOT Project ID: 1530-06-00/70
Mondovi – Osseo; Buffalo River Bridge B-61-0283
US 10, Trempealeau County

This letter is intended to provide notification of an upcoming Wisconsin Department of Transportation (WisDOT) bridge rehabilitation project. Any comments received will be documented in the review process. The WisDOT project team appreciates your participation and comments on this proposed project.

Project Description

CORRE Inc., on behalf of WisDOT, is preparing plans for the proposed undertaking along 0.1 mile of US 10 extending approximately 250 feet from each side of the Buffalo River Bridge west of Osseo. Proposed work consists of:

- Replacing existing bridge deck
- Making concrete surface repairs
- Painting girder ends
- Adding concrete pavement approach slabs
- Replacing guardrail

The project is needed to preserve the function, operation and safety of this bridge in the overall transportation system. The anticipated construction is currently scheduled for the summer of 2028.

Proposed Real Estate Impacts

No real estate impacts are anticipated for this project.

Proposed Traffic Impacts

US 10 will remain open to traffic during construction by utilizing a single lane controlled by temporary traffic signals.

Schedule

Preliminary design began: Fall 2023
Final plans and specifications submittal: May 2027
Scheduled construction: Summer 2028

How to provide comments

You can mail or email comments to the contacts below by Dec. 31, 2024, to have them considered in the environmental and project design process.
