

# **Public Involvement Meeting Handout**

**Pepin – Hager City  
Drainage way Culverts C-46-0007/C-46-0006  
WIS 35  
Pepin County**

**Project ID: 7180-00-75/76**

**Feb. 11, 2026  
5-6:30 p.m.**

**Calvary Covenant Church  
105 E. 2<sup>nd</sup> St.  
Stockholm, WI 54769**

## Purpose of the meeting

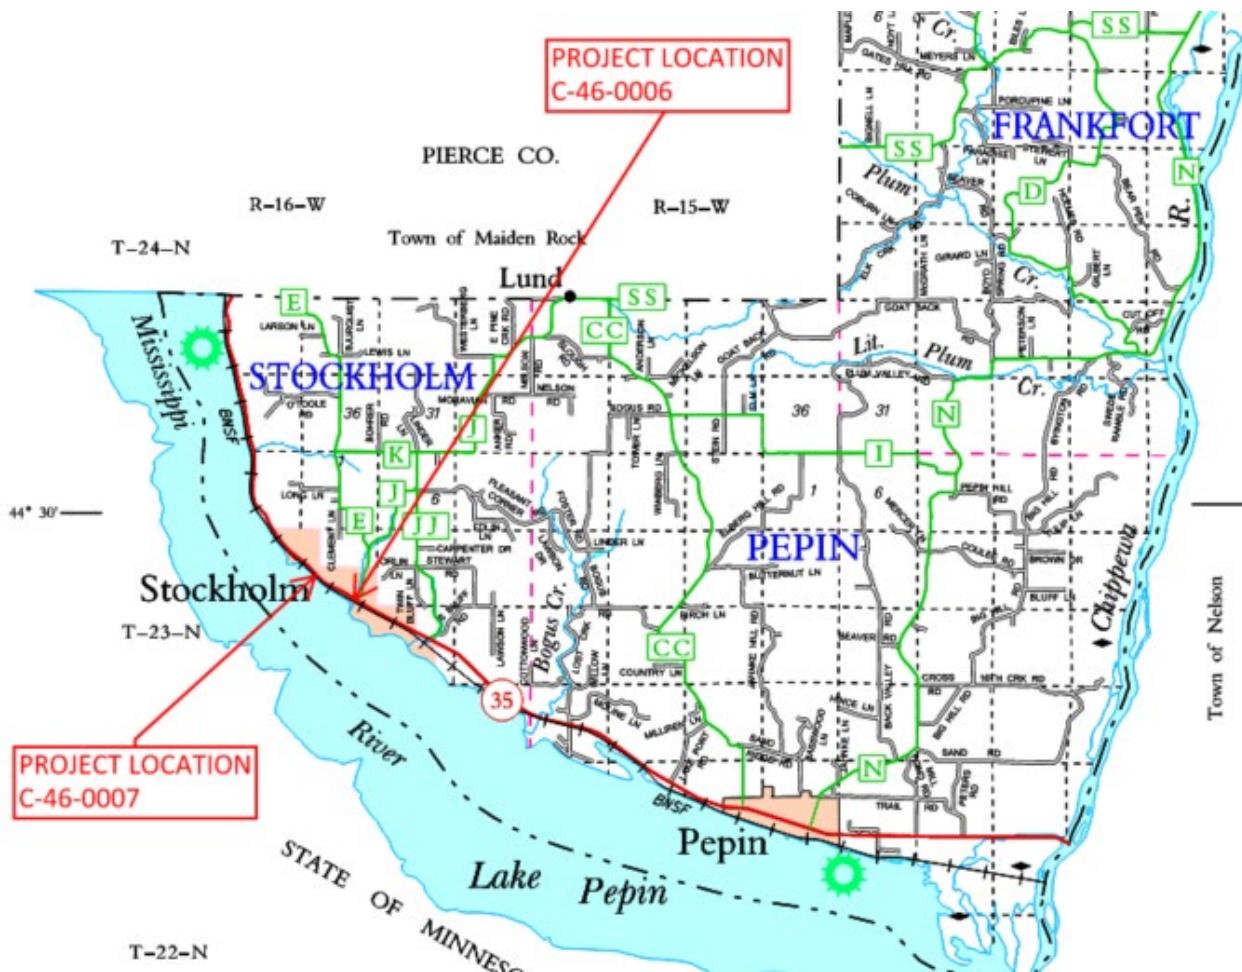

The object is to obtain your input on the proposed improvements on WIS 35 at two culverts in the village of Stockholm.

## Project information

The culverts are showing signs of deterioration, and without preventive maintenance, the deterioration will continue to the point of a poor driving surface and more extensive repairs needed.

The proposed improvements include replacing the top slab and railing on the existing box culvert on WIS 35 just west of the intersection with County J (Spring Street). A second culvert, approximately one mile north of County J northwest of Cemetery Road, will have a liner placed inside the pipe culvert.

The proposed alternatives address the deterioration of the structures in a cost-effective manner.

## **Proposed traffic impacts**

Construction is scheduled for 2027 and estimated to take two months to complete.

During construction, WIS 35 will be closed to through traffic for the project located directly west of County J (Spring Street), and a detour will be signed. For the work northwest of Cemetery Road, motorists will encounter lane closures controlled by flagging.

## **Real estate**

None. All work will be within the existing WIS 35 right of way.

## **Project update/next steps**

• Final plan submittal	May 2026
• Construction	2027

## **Public input/comments**

Comments on the proposed project are being accepted through March 1, 2026. Please fill out a comment form or reach out to the contacts below by email or phone.

Your comments assist us in developing a project that will serve the needs of the traveling public as well as the needs of the local community. Your input is welcome and appreciated throughout the design process.
