### WIS 11 Rehabilitation – Delavan from Turtle Creek Drive to Mound Street

ID: 3841-06-00 & 3841-06-01

The Wisconsin Department of Transportation (WisDOT) is proposing to resurface and replace the pavement along approximately 2 miles of WIS 11 in the city of Delavan, Walworth County. The purpose of this project is to provide long-term improvements to the pavement, operation, and safety of the roadway.

#### Proposed Improvements from Turtle Creek Drive to Main Street and 4<sup>th</sup> Street to North Wright Street:

- Resurface the roadway, including upgrading the pedestrian curb ramps.
- Replace traffic signals at 7<sup>th</sup> Street.

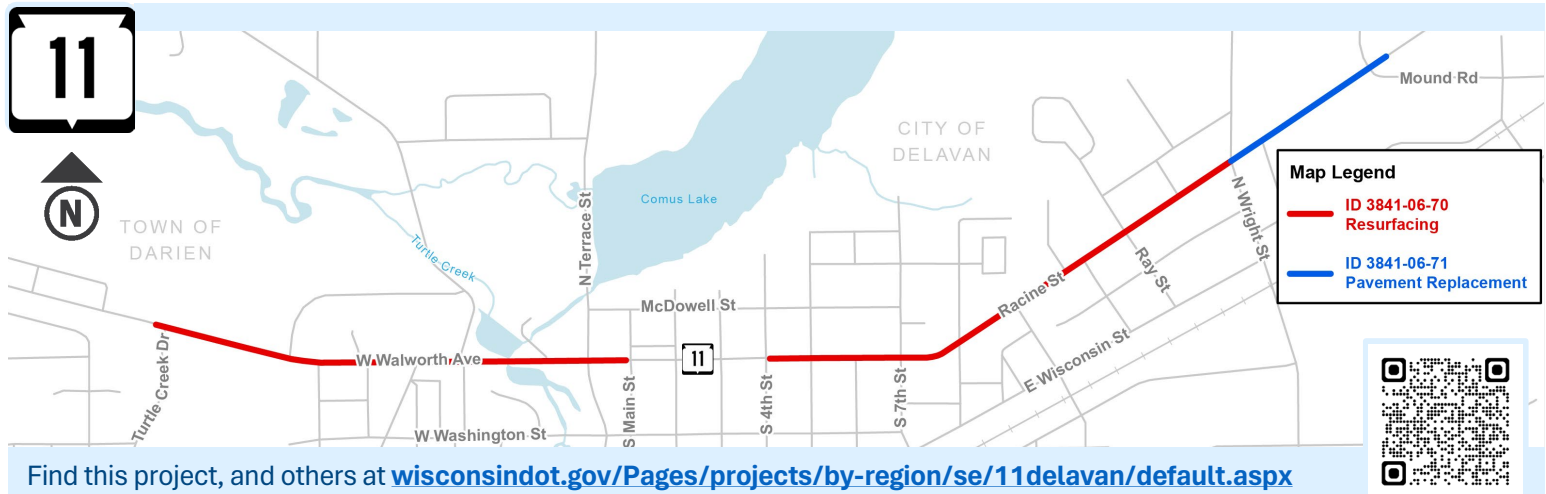

Note: This project will not include the bridge over Turtle Creek and the historic brick roadway segment from Main Street to 4<sup>th</sup> Street.

#### Proposed Improvements from North Wright Street to Just East of Mound Road:

- Replace the entire pavement section, including storm sewer, curb and gutter, and upgrading pedestrian curb ramps.
- A road diet (reduction in travel lanes) is proposed in this section to reduce the roadway to 2-lanes of traffic with a two-way left turn lane in the center and add on-road bicycle accommodations. The proposed pavement width matches the existing width.
- Sidewalk is proposed to be added to the south side of WIS 11.
- Replace traffic signals at Wright Street.

#### Traffic and Real Estate Impacts

- Construction is anticipated to **start in 2028**. Access to local residences and businesses will be maintained.
- Traffic control for the project is still being evaluated.
- Minor real estate is anticipated due to pedestrian curb ramp upgrades and proposed new sidewalk.

## Share your feedback!

Join WisDOT for an open-house style **public involvement meeting** to learn more about the project, get your questions answered, and provide input to the project team:

- **Wednesday, May 29, 2024 | 4:30 – 6:30 p.m.**
- **American Legion Hall (111 S. 2nd St., Delavan, WI, 53115)**

If you cannot attend, please feel free to contact the team below and view project information at the site above.

*The meeting will be an open-house format where no presentations will be given. There will be displays for the public to view and comment. Onsite parking is available.*

*If you would like an interpreter for the meeting, contact the project manager below. Hearing and visually impaired individuals may request accommodations by calling Wisconsin Telecommunication Relay System (TTY) at 711.*
