

Figure 10: Typical cross-section of a 12' wide rural road. The diagram shows a cross-section of a road with a 12-foot travel lane, 5-foot shoulders on both sides, and 12-foot grass ditches on the outer edges. The total width is 41 feet. The road is flanked by grass ditches and shoulders. The cross-section is labeled with dimensions: 12' for the travel lane, 5' for the shoulders, and 12' for the grass ditches. The total width is 41 feet.
