

WIS 164 Resurfacing – Swan Road to County Q

The Wisconsin Department of Transportation (WisDOT) is proposing to resurface approx. 8.3 miles of WIS 164 in Waukesha County.

The purpose of this project is to address the deteriorating pavement condition and decreased ride quality along WIS 164. This project will also update curb ramps and signal equipment.

Proposed Improvements:

- Resurface WIS 164 within project limits.
- Upgrade signals at WIS 164 intersections with Swan Road, County K (Lisbon Road), County VV (Silver Spring Drive), and Good Hope Road.
- Signalize the intersection of WIS 164 and Plainview Road
- Reconfigure the WIS 164 and Good Hope Road intersection for better traffic flow
- Add storm sewer in spot locations
- Add new/replace guardrail
- Upgrade curb ramps to meet ADA standards
- New pavement marking and signing

Traffic Impacts

Construction could happen as early as 2026, pending available funding. During construction, WIS 164 will remain open to one lane in each direction. Overnight closures at WIS 164/County Q intersection are anticipated. Local and emergency access will be maintained.
