

I-43 at National Ave

The Wisconsin Department of Transportation (WisDOT) is conducting a planning and environmental linkages (PEL) study that will explore redesigning the I-43/I-94 National Avenue Interchange, or I-43 at National Avenue, in Milwaukee.

Study Map

By the Numbers

6 interstate ramps

18,700 vehicles a day

More than 11,000 people live within a half mile

Access to Walker's Point and Walker Square neighborhoods, including many schools, churches and businesses

Coordination with Nearby Projects

WisDOT is coordinating with the City of Milwaukee, Milwaukee County, MMSD and others on infrastructure projects nearby.

Schedule

2025-2026

Study

Future Phases

Environmental Review

Final Design

Construction

Note: Schedule subject to change. Future project phases are dependent on funding availability.

Provide Input

Community input is an important part of the study.
