## WIS 11 Pavement Replacement Project – Mound Road to West Street

The Wisconsin Department of Transportation (WisDOT) is proposing to replace the pavement on 3.5 miles of WIS 11 and improve the intersection of WIS 11 and County Road F in Walworth County.

### Reasons for Project:

- The project proposes to replace the deteriorating pavement along WIS 11 between Mound Road and West Street. Safety improvements at the WIS 11 and County F (Briggs Road) intersection have been evaluated, and installing a roundabout is the preferred alternative.

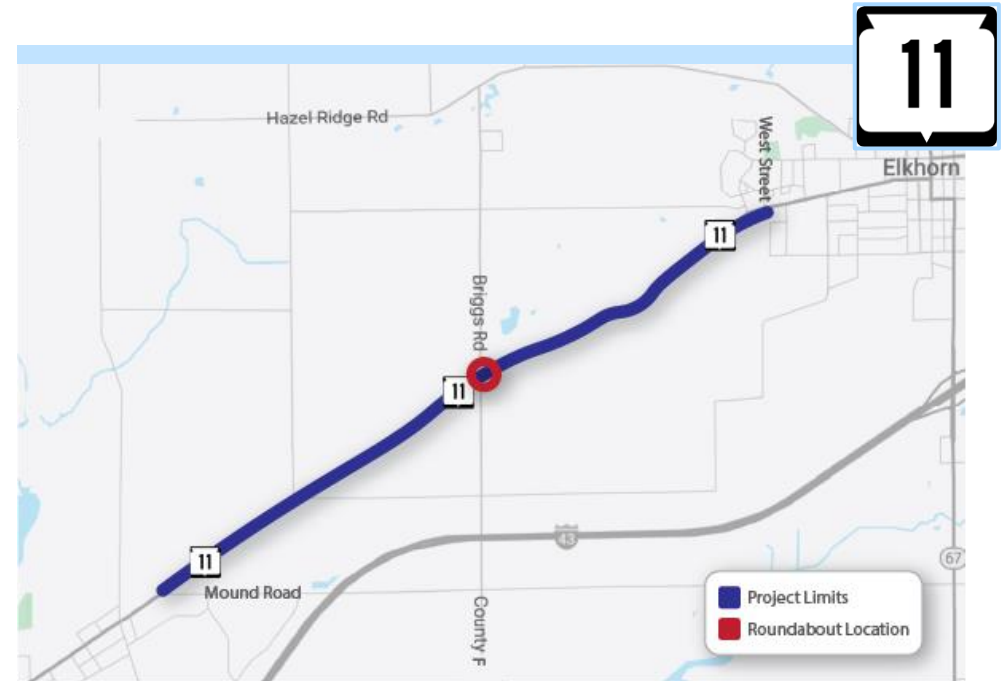

### Proposed Improvements:

- Replacing cross culverts and one box culvert
- Installing centerline and shoulder rumble strips
- Widening paved shoulder from three-feet to five-feet
- Real estate acquisitions are anticipated along the corridor

### Traffic Impacts

- Traffic staging options are still being evaluated.

Construction is anticipated to start in Spring of 2029.

## Share your feedback!

Join WisDOT for a **public involvement meeting** to learn more about the project, get your questions answered, and provide input to the project team:

- **Wednesday March 12, 2025| 5 – 7 p.m.**
- **Delavan Town Hall - 5621 Town Hall Road, Delavan, WI 53115**

Public input, such as details about private facilities in the right of way, helps the project team prepare for construction and deliver projects efficiently. Contact the project representative below with questions, comments, and any information you may have.

*The meeting will be an informal, open house format. If you would like an interpreter for the meeting, contact the project manager below. Hearing and visually impaired individuals may request accommodations by calling Wisconsin Telecommunication Relay System (TTY) at 711.*

Do you have any comments or questions? We'd like to hear from you!
