Tell us about your issues and concerns with the existing WIS 16 corridor:

WisDOT is proposing to lower the speed limit along WIS 16 to be 40 mph from Losey Boulevard to WIS 157. The reduced speed allows the opportunity to incorporate urban design characteristics, reduce the roadway footprint, minimize impacts, and result in a 28 second increase in travel time. Please share your thoughts on the proposed 40 mph speed reduction.

As you review the alternative boards presented at tonight’s meeting, please indicate your level of support for each option by circling one of the adjacent icons.
