

COMMUNITY SENSITIVE DESIGN (CSD)

Federally-funded projects are eligible for Community Sensitive Design (CSD) treatment funding. CSD treatments are selected by the local municipality and typically include aesthetic treatments and/or roadway enhancements for non-motorized users.

CSD treatments receive federal funds to cover 80% of the cost, while the local municipality is responsible for the remaining 20%. The total cost for CSD treatments can be up to 1.5% of the total project cost.

The City has identified desired CSD treatments to include with this project. These treatments fall into the following categories:

SIGNALS AND LIGHTING

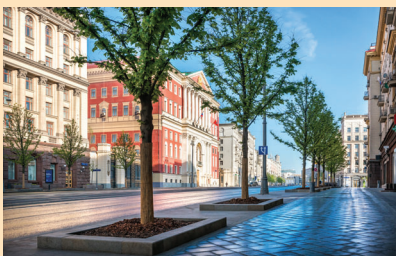

Decorative Light Poles

Pedestrian Scale Lighting

AESTHETIC TREATMENTS

Street Trees

Planters

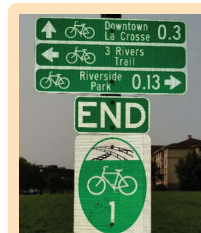

Landscaping

BICYCLE/PEDESTRIAN TREATMENTS

Bicycle Racks

Wayfinding
