

# Your Input is Needed!

## Public meetings for the Madison Beltline Study

The Wisconsin Department of Transportation (WisDOT) is identifying and evaluating a Planning and Environment Linkages (PEL) study for the Madison Beltline from US 14 in Middleton to County N in Cottage Grove. The study will identify and evaluate a range of potential strategies (alternatives) that address long-term transportation needs. Preliminary findings will be presented at public information meetings listed below. Each meeting will cover the same content.
