

Milwaukee Street Concepts

Concepts include improvements to existing interchange or a hybrid intersection

Improve Existing Interchange

Extended entrance and exit lanes. Maintains Freeway style roadway.

- + Safest for US 51 traffic
- + Uninterrupted flow along US 51
- + No property relocations expected
- + Minimal impacts to surrounding area
- Difficult merge from Milwaukee St to WIS 30
- Encourages higher travel speed

Hybrid Intersection

Adds northbound US 51 signalized intersection. Promotes slower, urban-style roadway.

- + Eases merge from Milwaukee Street to WIS 30
- + Improves connectivity to Walbridge Avenue neighborhood
- Potential increase in crashes at new intersection
- Adds travel delay at new signal
- May require up to 2 property relocations
- Connector road impacts surrounding area
