## **1. Purpose (Adm 92.24)**

The purpose of a relocation plan is to assure that the agency will provide adequate relocation payments and services and to determine whether displaced persons can be satisfactorily relocated. The conceptual relocation plan recognizes the problems associated with the displacement of individuals, families, businesses, farms and nonprofit organizations and provides solutions to minimize the adverse impacts of displacement. The conceptual relocation plan contains the following:

- a. An approximate number of households to be displaced including information regarding owner/tenant status, estimated value and rental rates of properties to be acquired, family characteristics and special considerations when applicable.
- b. The probable availability of decent, safe and sanitary replacement housing within the financial means of the households affected by the project, including price ranges and rental rates and housing of last resort actions.
- c. An approximate number and type of businesses, farms and nonprofit organizations to be displaced and approximate number of employees that may be affected.
- d. The probable availability of replacement businesses, farms and non-profit organizations sites. Planning for displaced businesses which are reasonably expected to involve complex or lengthy moving processes including considerations of any special relocation advisory services that may be necessary.
- e. The estimated total relocation assistance costs.
- f. The information provided in the conceptual relocation plan will be used in the relocation discussion of the environmental documentation required for the project such as the Environmental Impact Statement (EIS), Environmental Assessment, Environmental Report, or the Categorical Exclusion Checklist. Information from this document may be used in the EIS but not necessarily included. For further clarification regarding this process, talk to the Region Environmental Coordinator.

## **2. Project Assurance (Adm. 92.26 & Adm. 92.28)**

Project is pursuant to requirements of Uniform Relocation Assistance Act, Wisconsin Statutes 32.195 and 32.25, and Chapter Adm 92, the agency assures that:

- a. All displaced persons (residential and nonresidential) are treated fairly, consistently and equitably under laws of the United States and State of Wisconsin.
- b. No person lawfully occupying real property will be required to move from an acquired dwelling, business or farm operation without at least ninety (90) days written notice by WisDOT.

- c. No person(s) to be displaced will be required to move permanently from a dwelling or business location unless at least one comparable replacement dwelling has been made available.
- d. No person shall be asked or required to waive relocation rights, assistance or benefits provided under 49 CFR Part 24.
- e. Persons will not suffer disproportionate injuries because of projects designed for benefit of the public as a whole.
- f. Relocation program for this project as developed in this plan is realistic and is adequate to provide for the orderly, timely and efficient relocation of displaced persons.

### **3. Relocation Program Standards**

*Check all that apply:*

- ☒ Local zoning/regulations and codes establish standards to meet Adm 92.04 requirements for decent, safe and sanitary housing for a replacement dwelling.
- ☒ State of Wisconsin Uniform Dwelling Code and/or Wisconsin Commercial Building Codes apply to the replacement properties.
- ☒ Federal Uniform Relocation Assistance and Real Property Acquisition Policies Act and code of federal regulations 49 CFR Part 24 applies to this project and relocations.

### **4. Relocation Assistance Guidelines (Adm. 92.24)**

- a. Gather data and advise residential and non-residential accordingly.
- b. Assist in planning for and establishing moving arrangements, obtaining or transferring business permits and licenses, and transfer of utility services. Jointly develop an inventory of personal property to be moved.
- c. Provide all required written notices, to ensure a full understanding of eligibility requirements, payment options, project information and other notices required by law, regulations, or as otherwise appropriate.
- d. Provide counsel in regard to replacement housing that is decent, safe and sanitary, adequate to their needs, suitably located, and within their financial means. Provide information on available nonresidential properties to nonresidential displaced persons on a regular basis.
- e. Provide current information on availability and prices of comparable residential and nonresidential replacements.
- f. Provide referrals to local housing and social service assistance agencies, advise displaced person(s) of available resources through local development corporations, Small Business Administration and other similar organizations to assist in the reestablishment of the business.

- g. The actual number of in-person appointments and contacts shall be based on the complexity of the relocation services needed to complete the relocation and specific needs of the displaced person(s).
- h. Provide all required written notices, to ensure a full understanding of eligibility requirements, payment options, project information and other notices required by law, regulations, or as otherwise appropriate.
- i. Assist and advise displaced person(s) in filing relocation claims for payments.
- j. Provide information regarding appeal rights procedures under s. 32.20, Wis. Stats.

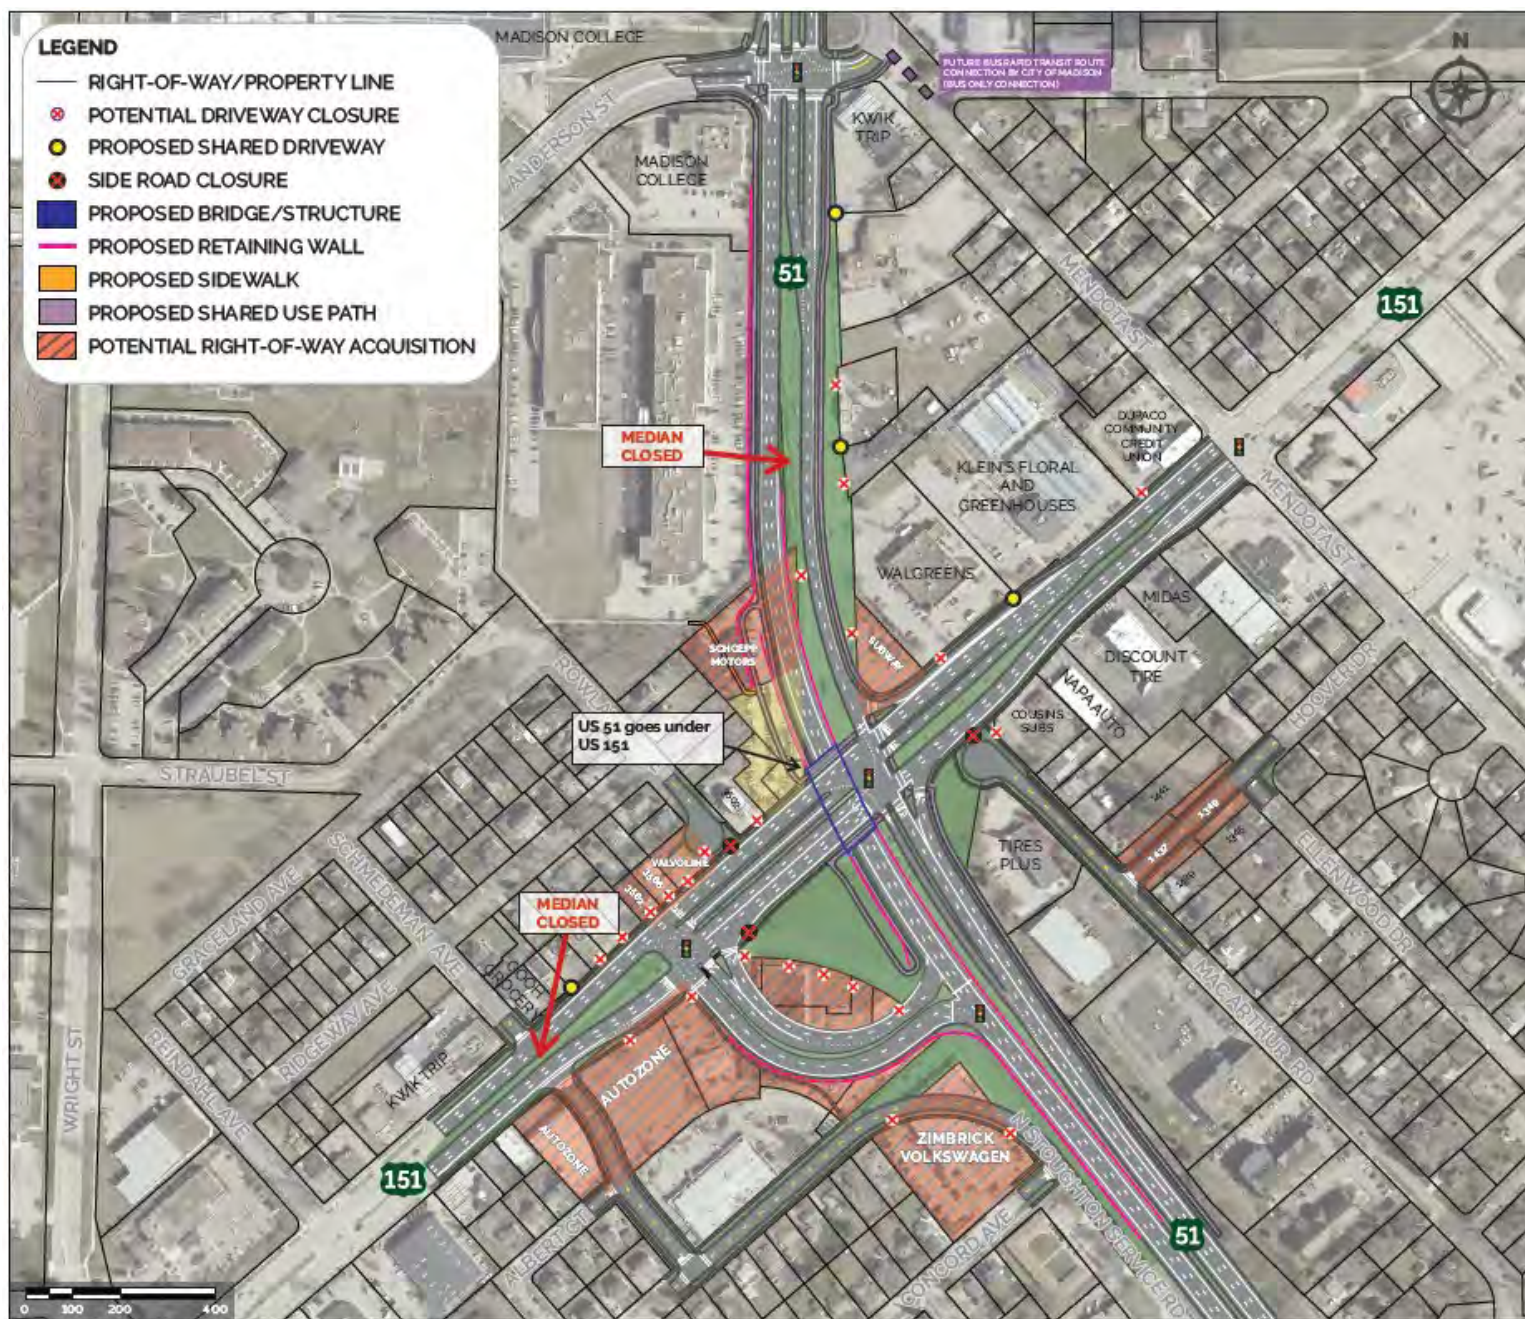

## 5. **Project Description (Adm. 92.28)**

Wisconsin Department of Transportation (WisDOT) is evaluating reconstruction of US 51/Stoughton Road, referred to as US 51 hereafter, from WIS 30 in the city of Madison to Interstate 39/90/94 in the town of Burke, approximately 5.2 miles. The study area is located in central Dane County, Wisconsin.

US 51 is a primary north-south facility on the east side of Madison, providing access to numerous industrial, residential, and commercial business developments, schools, medical facilities, and recreational areas. US 51 is a National Highway System (NHS) route and identified as a principal arterial. Year 2022 average annual daily traffic (AADT) volumes range from 13,300 to 28,200 vehicles per day within the study area north of WIS 30. Traffic volumes increase to 47,280 vehicles per day south of the WIS 30 interchange. The number of lanes on US 51 varies throughout the corridor. There are three lanes in each direction from WIS 30 to US 151/East Washington Avenue, two lanes northbound and three lanes southbound from US 151/East Washington Avenue to Anderson Street, and two lanes in each direction from Anderson Street to I-39/90/94. Speed limits range between 35 mph and 55 mph. Between US 151/East Washington Avenue and Anderson Street (0.3 miles), the speed limit is 35 mph. Between Rieder Road and Hoepker Road (2 miles), the speed limit is 55 mph. Everywhere else along the corridor (2.9 miles), has a 45-mph speed limit. Land use transitions from industrial uses north of Hanson Road to a more urbanized commercial corridor south of Pierstorff Street.

Interchanges are located at both ends of the project, WIS 30 to the south and I-39/90/94 to the north. There are 14 at grade intersections on US 51 in the study area, including the WIS 30 ramp terminals. The I-39/90/94 ramp terminals are being studied as part of the I-39/90/94 Corridor Study (US 12/18 Madison to US 12/WIS 16 Wisconsin Dells). There are approximately 13 potential parcel relocations that include 11 business displacements (11 landlords and 12 tenants) and 2 residential displacements.

## **7. Beneficial and Adverse Effects**

The proposed roadway improvements will displace **2 residential** properties, **11 business**. Relocations including: **11 landlords, 11 nonresidential tenants, 1 owner nonresidential occupant, and 2 residential** relocations.

The disruption to area local residents and businesses in general should be construction related. Disruptions to relocated properties could be long and short-term depending on the impacts to each of the properties. Some of the relocations that are total takes are more complex due to the lot size, lot reconfigurations, total builds, franchise limitations, and down time. Most of these relocations that are being impacted are destination businesses. There may be traffic delays, but access will always be granted.

## **8. Neighborhood Impact**

As indicated above, the project will cause the relocations of approximately 13 relocations to include 2 residential, 11 landlords, 11 nonresidential tenants, 1 owner nonresidential occupant. There may be a lack of available replacement properties due to the lot sizes, location, access, and available comparables. There does appear to be adequate vacant land replacement.

## **9. Concurrent Displacements**

Concurrent displacements is when multiple individuals may be affected by a property acquisition and relocation requires multiple individuals being displaced. For example, multi-tenant apartment buildings and mixed-use properties. There are ten (10) known concurrent displacements.

## **10. Special Relocation Advisory Services (Adm. 92.28(6))**

Relocation personnel assigned to the project will provide the necessary and appropriate services. Business and residential acquisitions and relocations will be completed in accordance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended; 49 CFR Part 24; Wisconsin Statutes s. 32.19 – 32.27 and Wisconsin Administrative Code Adm 92.

Relocation benefits are available to eligible displaced persons required to relocate from their business or residence including advisory services, reimbursement of moving expenses, and pricing differentials. In compliance with state and federal statutes, no person is displaced unless a comparable replacement dwelling that is decent, safe and sanitary, or comparable replacement business has been provided to them.

Compensation is available to all displaced persons without discrimination. Before initiating property acquisition activities, business owner/tenant or property owners would be contacted and given an explanation of details of the acquisition process and Wisconsin's Eminent Domain Law under Section 32.05, Wisconsin Statutes. Any property to be acquired would be inspected by one or more professional appraisers. The property owner would be invited to accompany the appraiser during the inspection to ensure the appraiser is informed of every aspect of the property. Property owners will be given the opportunity to obtain an appraisal by a qualified appraiser that will be considered by WisDOT in establishing just compensation. Based on the appraisal(s) made, the value of the property would be determined, and that amount offered to the owner.

## 15. RELOCATION APPEALS

Under Wisconsin Statutes s. 32.20 and Wisconsin Administrative Code ADM 92.18, a displaced person (or a person claiming to be displaced) may appeal a determination or a decision by Wisconsin Department of Transportation (WisDOT). The following methods are available:

### 1. Appeal to the Wisconsin Department of Transportation (WisDOT), the displacing agency, under ADM 92.18(2) and 49 CFR 24.10

A person who disagrees with a relocation decision, may request to have the decision reviewed by WisDOT's statewide relocation facilitator (or the Bureau of Technical Services manager, if the relocation decision being appealed was by the statewide facilitator) in an effort to resolve the complaint internally. A person must file an appeal to WisDOT within 60 days after receiving written notification of WisDOT's determination.

Reviewable decisions include items such as: eligibility determination; a claim denial; reduction in a claim amount; and/or computed benefits. A person must submit an explanation for their appeal within 60 days of a written response from WisDOT, preferably by letter, including additional facts and documentation to:

Statewide Relocation Facilitator  
Wisconsin Department of Transportation - Real Estate  
4822 Madison Yards Way, 5<sup>th</sup> Floor South  
PO Box 7986  
Madison WI 53707-7986

WisDOT will review the submitted explanation, documentation, facts and any new information. Within 30 days of receipt of an appeal, WisDOT will notify the person in writing of the agency's decision regarding their appeal.

### 2. Appeal to the Wisconsin Department of Administration (DOA) under ADM 92.18(3)

A person may petition DOA for an informal review of a relocation dispute or claim. Appeals to DOA identifying the reasons for dissatisfaction with a decision on a claim or appeal may be sent to:

Relocation Assistance  
Division of Legal Services  
Department of Administration  
101 E. Wilson Street  
Madison, WI 53703

DOA will review the appeal, attempt to negotiate an acceptable solution and provide a written determination. If an acceptable solution cannot be negotiated, DOA will notify all parties within 90 days.

### 3. Legal Appeal (Wisconsin Statutes s. 32.20)

At any time after a claim or decision denial, a displaced person has the right of legal action under Wis. Stats. s. 32.20 in the court of record in the county where the displacement occurred.
