Please provide your input regarding the following typical section elements by circling the appropriate importance level for each typical section element:

	Level of Importance							
Typical Section Element	Not Important	Slightly Important	Moderately Important	Important	Very Important			
Pedestrian Accommodations	1	2	3	4	5			
Bicycle Accommodations	1	2	3	4	5			
On-Street Parking	1	2	3	4	5			
Left-Turn Accommodations	1	2	3	4	5			

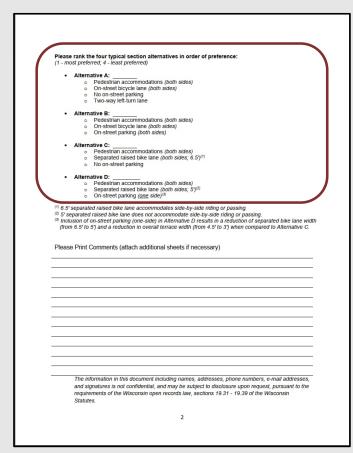

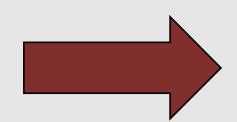

Typical Section Alternatives: Seeking Feedback

Submit public comments by April 21, 2025

Please rank the four typical section alternatives in order of preference:

(1 - most preferred; 4 - least preferred)

- Alternative A:
 - Pedestrian accommodations (both sides)
 - On-street bicycle lane (both sides)
 - No on-street parking
 - Two-way left-turn lane
- Alternative B:
 - Pedestrian accommodations (both sides)
 - On-street bicycle lane (both sides)
 - On-street parking (both sides)
- Alternative C:
 - Pedestrian accommodations (both sides)
 - Separated raised bike lane (both sides; 6.5')⁽¹⁾
 - No on-street parking
- Alternative D:
 - Pedestrian accommodations (both sides)
 - Separated raised bike lane (both sides; 5')⁽²⁾
 - On-street parking (one side)⁽³⁾
