NOT INTENDED FOR IN-FLIGHT NAVIGATION

NOT INTENDED FOR IN-FLIGHT NAVIGATION

GOVERNOR'S MESSAGE

Whether you're flying here from out of state on a business trip or you're flying for fun and leisure, I know that you'll enjoy your flight in Wisconsin. With more than 100 years of growth and advancement in aviation infrastructure, Wisconsin's airports are fully prepared to assist and serve you.

Wisconsin's aviation facilities are top notch and accommodate upwards of 5.5 million passengers and well over 100 million pounds of cargo each year. The people managing and operating these facilities are focused on delivering the best service possible. They make air travel in Wisconsin enjoyable, safe and efficient.

Our state's economy is growing and air transportation is critical to its continued growth. Aviation and aviation-related industries generate billions of dollars for Wisconsin communities both large and small, and support tens of thousands of jobs. Moving more freight and accommodating more passengers going forward will help us continue our successful economic trajectory.

As Governor, I am pleased to present you with this year's updated Aeronautical Chart designed to assist you with making safe and efficient flight planning and navigation.

Enjoy your trip!

Sincerely,

GOVERNOR SCOTT WALKER
STATE OF WISCONSIN
