

## Electrical Asset Naming Guide

Asset	Naming Standard	Examples
Electrical Cabinet	Type	TS1, TS2
Controller	Model + Serial #	EPAC36088M52 – 12345; ASC3-1000 – A12345
MMU	Manufacturer + Serial #	EDI - 12345
Auxiliary Device (in Cabinet)	Type + Model	EVP 764; RR
Cabinet Communication Equipment	Model	RS400
Non-Intrusive Detection System	Manufacturer + Model	Econolite TIP
Battery Back-Up System	Manufacturer	Alpha
Electrical Support	base designation on plan	SB1; LB1
Electrical Signal Head	signal head designation on plan	2A; 15
Luminaire	“Lum” + sequential number	Lum 1
Electrical Arm	Length + Type + sequential number	15’ Mast Arm 1; 6’ Lum 1
Ped Button	“Ped” + sequential number	Ped 1
EVP Detector	“EVP” + detector designation on plan	EVP A; EVP 1
Non-Intrusive Detector	detector designation on plan	V1; RM 4
Support Communication Equipment	Type	Antennae
Electric Blankout Sign	message + “sign”	No Right Turn sign
IP Address	device	Controller
