ADDENDUM NO. 01
1660-02-73, 1660-02-75
February 23, 2026

Special Provisions

03. Prosecution and Progress.

Insert the following after paragraph six:

Interim Completion and Liquidated Damages – All work except permanent lighting/electrical: November 20, 2026.

Complete all work except for permanent lighting/electrical, and open all lanes to through traffic by November 20, 2026. Do not reopen until all work has been completed, including any necessary temporary lighting.

If the contractor fails to complete the work necessary to reopen USH 18 to traffic by November 20, 2026, the department will assess the contractor \$2185 for damages in interim liquidated damages for each calendar day the contract work remains incomplete beyond 12:01 AM on November 21, 2026. An entire calendar day will be charged for any period of time within a calendar day that the road remains closed beyond 12:01 AM.

If contract time expires prior to completing all work specified in the contract, additional liquidated damages will be affixed according to standard spec 108.11.

41. Temporary Lighting System (USH 18 & Iowa St), SPV.0060.06; Temporary Lighting System (USH 18 & Wisconsin St), SPV.0060.07.

A Description

This special provision describes furnishing, installing, adjusting, maintaining, and removing temporary lighting systems. These temporary lighting systems includes wood poles and guy wires (as required to provide a complete system), and aerial cable. Refer to Standard Specification 661.

B Materials

Furnish aerial cable consisting of an assembly of three No. 4 XLP insulated power conductors with an ACSR messenger (grounding) wire. Provide the quantity of parallel cable assemblies necessary to maintain lighting circuits.

Furnish Class 4 wood poles of adequate length to provide intersection lighting at a 30-foot mounting height using LED C luminaires at the approximate locations shown on the plan.

Protect any cable that extends from grade to 10 feet above grade by a plastic or PVC guard.

C Construction

Temporary lighting may be fed from the proposed cabinet/electrical service at station 204'EB'+45 in the southeast quadrant of the Iowa Street intersection, or a separate temporary service may be arranged by the Contractor at their expense. Coordinate temporary wood pole placement with the Engineer prior to installation.

Provide off-hour contact name(s) and phone number(s) to the Prairie du Chien Police Department for repair purposes and be able to respond within 2 hours to the project site for knockdowns or other work that must be completed in a timely manner. All other maintenance needs shall be completed within 24 hours of notification.

Remove temporary lighting after permanent lighting cabinet and wiring has been installed and new permanent lighting is operational.

D Measurement

The department will measure Temporary Lighting System as each individual temporary lighting system, acceptably completed.

E Payment

The department will pay for measured quantities at the contract unit price under the following bid item:

ITEM NUMBER	DESCRIPTION	UNIT
SPV.0060.06	Temporary Lighting System (USH 18 & Iowa St)	EACH
SPV.0060.07	Temporary Lighting System (USH 18 & Wisconsin St)	EACH

Payment is full compensation for furnishing, installing and removing any necessary wood poles, aerial cable, for maintaining lighting units, for temporary electrical service and for furnishing and installing all coiling and splice connectors. Work including pulling cable and making final connections for the permanent intersection lighting will be paid for under the general signal items unit price per quantity.

Schedule of Items

Attached, dated February 23, 2026, are the revised Schedule of Items Pages 1 – 15.

Plan Sheets

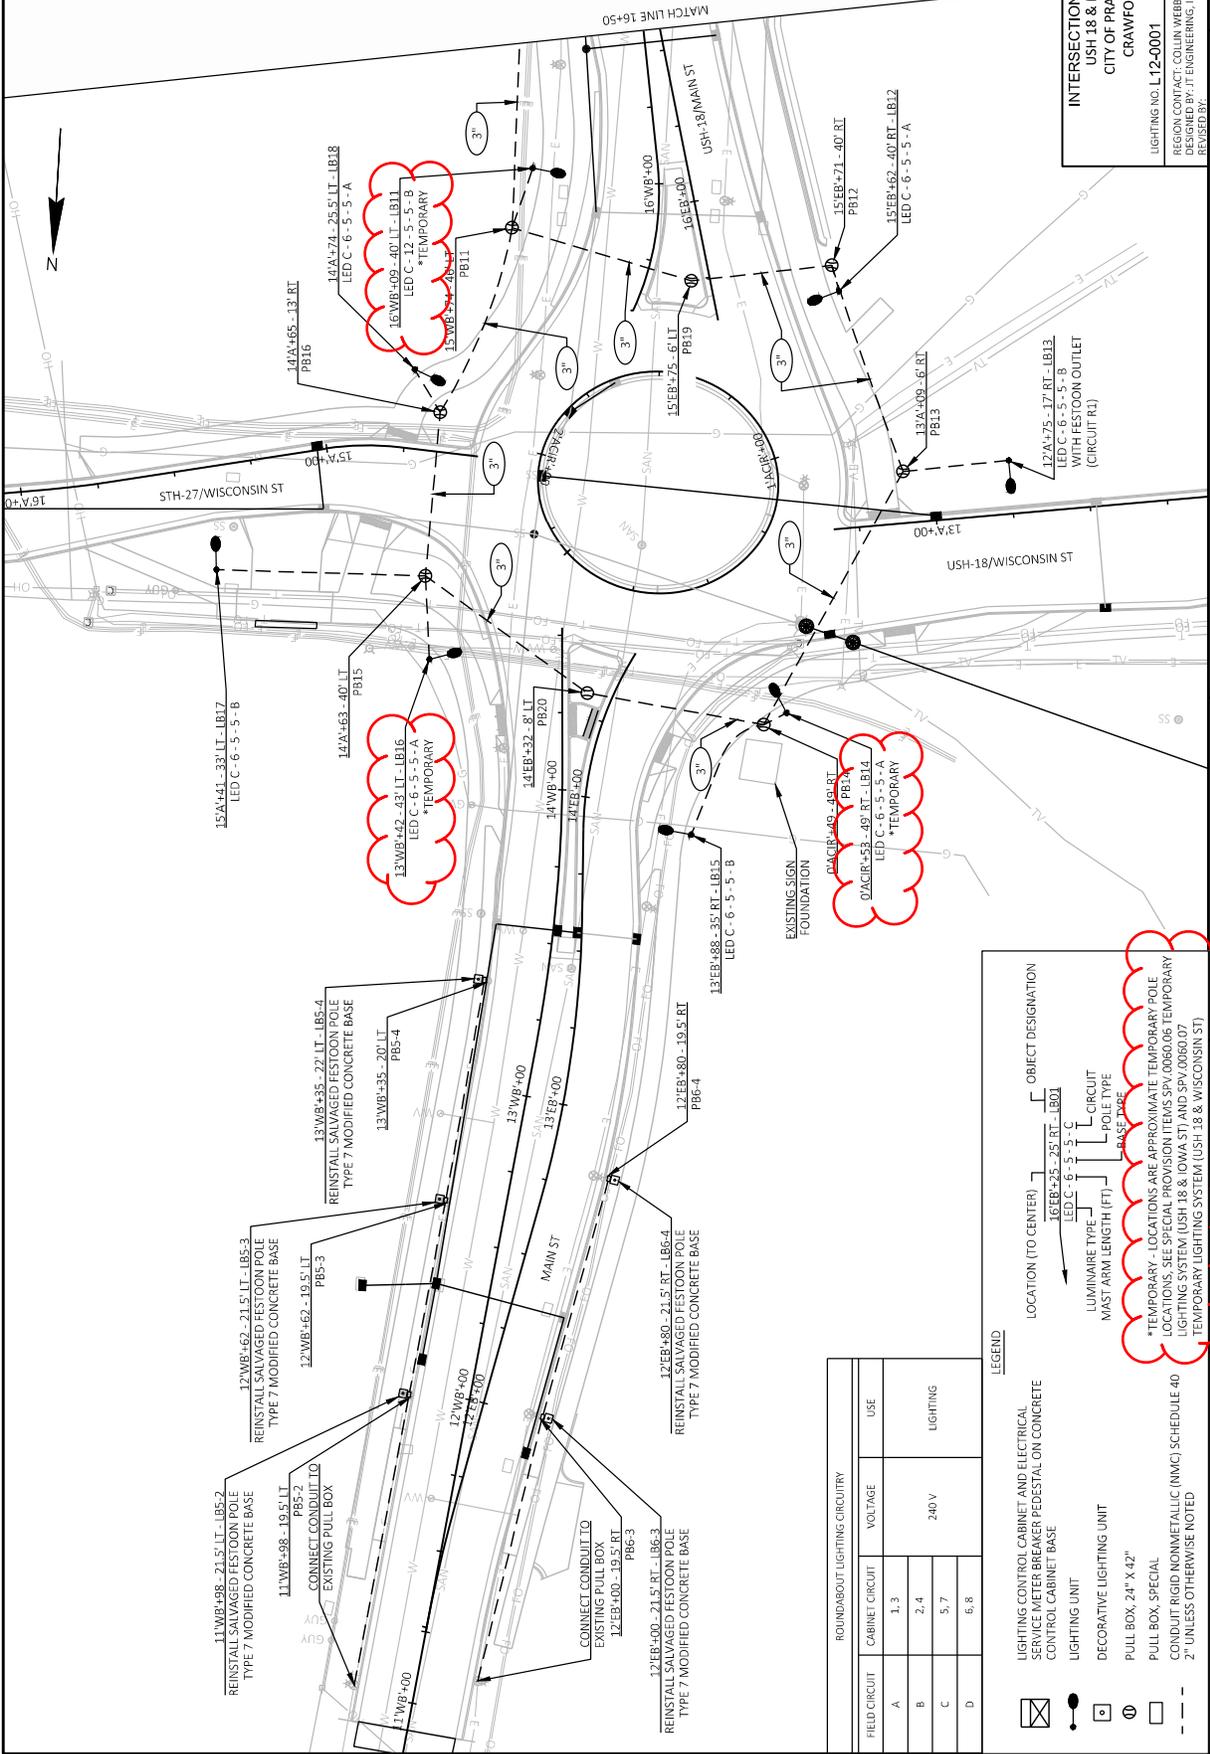

The following 8½ x 11-inch sheets are attached and made part of the plans for this proposal:
Revised: 76, 77, and 135.
