

Designers should incorporate these changes in projects being developed for the November 2024 PS&E Submittal.

Chapter 1: Introduction

Section 1-1 General

Updated Bureau of Project Development (BPD) and Bureau of Technical Services (BTS) section names.

Chapter 5: Agency Coordination

Section 5-2 U.S. Department of Transportation

Updated FHWA and WisDOT Stewardship Agreement in Exhibit 1.1.

Chapter 7: Access Control

Section 7-50 Subdivision Plat Review

Edited guidance in all attachments.

Chapter 9: Surveying and Mapping

Section 9-1 Introduction

Edited Chief Survey & Mapping Engineer contact information. Revisions to provide clarification related to Photogrammetric Surveys / LiDAR scanning.

Section 9-25 Monumentation

Updated the word "Registered" to "Professional" in two spots on page 1.

Section 9-45 Geospatial Projects

Updated guidance in Attachment 40.4.

Chapter 11: Design

Section 11-2 Alternative Contracting

Moved all attachments from 11-2 to 11-50-32.

Section 11-3 Community Sensitive Design

Updated guidance related to implementing an update in the policy related to funding source eligibility of community sensitive design (CSD). Revised and additional guidance on integrating community sensitive design (CSD) aesthetics elements on projects and funding limits.

Section 11-50 Traffic Control

Updated links in 11-50-32, Road User Costs and Cost Recovery, and added new guidance in Road User Cost Recovery Methods. Moved 3 Attachments from 11-2 to 11-50-32.

Chapter 14: Pavements

Section 14-25 Pavement Rehabilitation

Updated outdated references to SDDs and Standard Specifications subsections in Exhibit 10.1, under "Repair and Grind."

Chapter 15: Plan Preparation

Section 15-5 Methods

Additional surfaces and earthwork sample lines are being required in the Construction Data Packet. Updated Attachments 3.1, 3.3, 3.4, and 7.1.

Chapter 19: Plans, Specifications, and Estimates

Section 19-10 PS&E Transmittal and Composition

Additional surfaces and earthwork sample lines are being required in the Construction Data Packet.

Section 19-21 Quality Management Program

Updated Table 5.1, Compaction Layers, Table 5.2, Volumetric Testing, and Table 5.3, HMA PWL Mixture Acceptance.

Section 19-40 Review

Updated Exhibit 1.2, Standard Detail Drawings, for the upcoming PS&E Project Letting Process.
