

## TABLE OF CONTENTS

### Chapter 11: Design

#### **Section 11-1 Introduction**

<a href="#"><u>11-1-1</u></a>	General Design Introduction
<a href="#"><u>11-1-5</u></a>	A System Preservation Approach Utilizing Asset Management by Performance-Based Practical Design
<a href="#"><u>11-1-6</u></a>	Performance-Based Practical Design Decision Making Guidance for State Projects
<a href="#"><u>Attachment 6.1</u></a>	Considerations for Horizontal Alignment
<a href="#"><u>Attachment 6.2</u></a>	Considerations for Vertical Alignment
<a href="#"><u>Attachment 6.3</u></a>	Considerations for Stopping Sight Distance
<a href="#"><u>Attachment 6.4</u></a>	Considerations for Intersection Sight Distance
<a href="#"><u>Attachment 6.5</u></a>	Considerations for Passing Sight Distance
<a href="#"><u>Attachment 6.6</u></a>	Considerations for Decision Sight Distance
<a href="#"><u>Attachment 6.7</u></a>	Considerations for Cross Section (Lane)
<a href="#"><u>Attachment 6.8</u></a>	Considerations for Cross Section (Shoulder)
<a href="#"><u>Attachment 6.9</u></a>	Considerations for Cross Section (Medians)
<a href="#"><u>Attachment 6.10</u></a>	Considerations for Cross Section (Roadside)
<a href="#"><u>Attachment 6.11</u></a>	Considerations for Intersections
<a href="#"><u>Attachment 6.12</u></a>	Considerations for Access Control
<a href="#"><u>Attachment 6.13</u></a>	Considerations for Pedestrian/Bicycle Accommodations
<a href="#"><u>Attachment 6.14</u></a>	Considerations for Bridges
<a href="#"><u>11-1-10</u></a>	Application of Design Criteria
<a href="#"><u>Attachment 10.1</u></a>	Improvement Strategies, Improvement Concepts, and Design Criteria Applications
<a href="#"><u>11-1-14</u></a>	Changes After Final Scope Certification Approval
<a href="#"><u>11-1-17</u></a>	Standards for Rural County Trunk Highways, Trans 205
<a href="#"><u>11-1-20</u></a>	Design Justifications (Formerly Exceptions to Standards)
<a href="#"><u>Attachment 20.1</u></a>	Local Program Project Controlling Criteria Design Justification/Exception to Standards Request Template
<a href="#"><u>11-1-25</u></a>	Metric to US
<a href="#"><u>11-1-99</u></a>	References

#### **Section 11-2 Alternative Contracting**

<a href="#"><u>11-2-1</u></a>	Alternative Contracting
-------------------------------	-------------------------

#### **Section 11-3 Community Sensitive Design**

<a href="#"><u>11-3-1</u></a>	Policy & Principles
<a href="#"><u>11-3-5</u></a>	Decision Making Guidance

#### **Section 11-4 Reports**

<a href="#"><u>11-4-1</u></a>	Concept Definition Report
<a href="#"><u>Attachment 1.1</u></a>	Concept Definition Report
<a href="#"><u>11-4-3</u></a>	Final Scope Certification
<a href="#"><u>Attachment 3.1</u></a>	Final Scope Certification Document
<a href="#"><u>11-4-5</u></a>	Location Study Report
<a href="#"><u>11-4-10</u></a>	Design Study Report
<a href="#"><u>Attachment 10.1</u></a>	Perpetuation Design Study Report Template
<a href="#"><u>Attachment 10.2</u></a>	Modernization and Rehabilitation Design Study Report Template
<a href="#"><u>Attachment 10.3</u></a>	FHWA Design Justification Approval Signature Page
<a href="#"><u>Attachment 10.4</u></a>	Non-Local Program Signature Sheet
<a href="#"><u>Attachment 10.5</u></a>	NHS Local Program Signature Sheet
<a href="#"><u>Attachment 10.6</u></a>	Sample Cross Sections

#### **Section 11-5 General Design Considerations**

11-5-1	.....	Scope of Construction Projects
11-5-2	.....	Traffic Demand Forecasts
11-5-3	.....	Highway Capacity
11-5-5	.....	Access Control
	Attachment 5.1	.....Access Spacing Guidelines
	Attachment 5.2	.....Access Control for Typical Interchange
11-5-10	.....	Earthwork
	Attachment 10.1	.....Earthwork Calculation Examples
	Attachment 10.2	.....Compaction of Soils
	Attachment 10.3	.....Bridge Approach Construction Techniques
11-5-15	.....	Select Materials in Subgrades
	Attachment 15.1	.....Areas for Inclusion of Select Materials
	Attachment 15.2	.....Standard Select Materials Systems
	Attachment 15.3	.....Typical Half Section with Select Materials
	Attachment 15.4	.....Typical Half Section with Select Materials, 4-Lane Divided Highway, 50 ft Median
	Attachment 15.5	.....Typical Half Section with Select Materials, 4-Lane Divided Highway, 60 ft Median
	Attachment 15.6	.....Median Drain Detail for Select Materials Layer Greater Than cmax
	Attachment 15.7	.....Typical Section for 1-Lane Ramp with Select Materials

## **Section 11-10 Design Controls**

11-10-1	.....	Basic Criteria
11-10-5	.....	Geometric Elements
	Attachment 5.1	.....Sight Distance Values
	Attachment 5.2	.....Sight Distance Category Applications
	Attachment 5.3	.....Maximum Grades by Functional Classification
	Attachment 5.4	.....Sight Distance for Crest Vertical Curves
	Attachment 5.5	.....Sight Distance for Sag Vertical Curves
	Attachment 5.6	.....Passing Sight Distance for Crest Vertical Curves
	Attachment 5.7	.....Sight Distance on Horizontal Curves
	Attachment 5.8	.....Super-elevation Transition of Two-Lane Highway to the Right
	Attachment 5.9	.....Super-elevation Transition of Divided Highway Curve to Right
	Attachment 5.10	.....Guide Dimensions for Vision Triangles, Stop Control on Minor Road
	Attachment 5.11	.....Sample Problem - Intersection Sight Distance
	Exhibit 5.1	.....Superelevation Tables (emax = 4% and 6%)

## **Section 11-15 Cross-section Elements for Projects on Rural Roadways, Highways, Freeways, and Interstates**

11-15-1	.....	Design Guidance for Highways
	Attachment 1.1	.....Design Criteria for Rural State Trunk Highways Functionally Classified as Arterials
	Attachment 1.2	.....Design Criteria for Rural State Trunk Highways Functionally Classified as Collectors
	Attachment 1.3	.....Design Criteria for Rural State Trunk Highways Functionally Classified as Local Roads
	Attachment 1.4	.....Design Standards for Town Roads (New Construction Only)
	Attachment 1.5	.....Rural State Trunk Highway Paved Shoulder Width Criteria
	Attachment 1.6	.....Typical Cross Sections for Rural 2-Lane Highways
	Attachment 1.7	.....Typical Cross Sections for Divided Highways and 1-Lane Ramps
	Attachment 1.8	.....Roadway Sections in Rock Cut
	Attachment 1.9	.....Clear Zone Distance Tables and Recovery Area Width Determination
	Attachment 1.10	.....Horizontal Curve Correction Factors
	Attachment 1.11	.....Ditch Traverseability Evaluation Charts
	Attachment 1.12	.....Typical 2- to 4-Lane Transition
	Attachment 1.13	.....Typical Marsh Sections
	Attachment 1.14	.....Lateral Clearance on Rural Roadways
	Attachment 1.15	.....Design Criteria for County Trunk Highways Functionally Classified as Arterials
	Attachment 1.16	.....Design Criteria for County Trunk Highways Functionally Classified as Collectors
	Attachment 1.17	.....Design Criteria for County Trunk Highways Functionally Classified as Local Roads

- [Attachment 1.18](#).....Design Criteria for Interstate Highways
- [11-15-5](#) .....Design Criteria for the Great River Road
- [Attachment 5.1](#).....Great River Road Map
- [11-15-10](#) .....Passing Lanes and Climbing Lanes
- [Attachment 10.1](#).....Rural STH Passing Lane Corridors
- [Attachment 10.2](#).....Warrant for Considering Passing Lanes

## **Section 11-20 Cross-section Elements for Projects on Urban Roadways and Highways**

- [11-20-1](#) .....Dimensions and Design Classes
  - [Attachment 1.1](#).....Urban Streets Roadway Design Criteria for Posted Speed Limits of 40 mph or less
  - [Attachment 1.2](#).....Typical Street Cross Sections, Classes 1b, 2a, 2b & 3
  - [Attachment 1.3](#).....Typical Street Cross Sections, Class 4 and Class 5
  - [Attachment 1.4](#).....Factors Used for Highway Capacity Manual LOS Thresholds
  - [Attachment 1.5](#).....Transitional and High-Speed Urban Roadway Criteria for Posted Speed Limits of 45 -55 mph
  - [Attachment 1.6](#).....Typical Transitional / High-Speed Urban Street Cross Sections
  - [Attachment 1.7](#).....Required Lateral Clearance
  - [Attachment 1.8](#).....Run Off the Road Frequency Calculator
- [11-20-5](#) .....One-Way Streets
- [11-20-10](#) .....Driveways
  - [Attachment 10.1](#).....Conceptual Driveway Profiles
  - [Attachment 10.2](#).....Driveway Design Concepts for Type X, Type Y, and Type Z
- [11-20-50](#) .....References

## **Section 11-25 Intersections at Grade**

- [11-25-1](#) .....General
  - [Attachment 1.1](#).....Selection Criteria for Rural High-Speed Intersections
- [11-25-2](#) .....Design Criteria and Guidelines
  - [Attachment 2.1](#).....WisDOT Vehicle Inventory of Oversized Overweight (OSOW) Vehicles
  - [Attachment 2.2](#).....WisDOT Interim Policy on Checking Criteria for OSOW-ST and OSOW-MT Vehicles at Intersections
  - [Attachment 2.3](#).....Taper Length Criteria
- [11-25-3](#) .....Intersection Control Evaluation
  - [Attachment 3.1](#).....Relationship between the Facilities Development Process and the ICE Process
  - [Attachment 3.2](#).....Intersection Control Evaluation (ICE) Process Flow Chart
  - [Attachment 3.3](#).....Traffic Control Summary Tables
  - [Attachment 3.4](#).....Phase I: ICE Memorandum
  - [Attachment 3.5](#).....Phase I: ICE Brainstorming Guide
  - [Attachment 3.6](#).....Phase II: ICE Worksheets
  - [Attachment 3.7](#).....ICE Submittal Checklist
- [11-25-5](#) .....Left Turn Lanes
  - [Attachment 5.1](#).....Urban Median Opening and Intersection Guidelines
  - [Attachment 5.2](#).....Median Openings and Left Turn Lanes in Urban Roadways
  - [Attachment 5.3](#).....Details for Slotted Left Turn Lanes and Median Opening Openings at Urban Intersections
  - [Attachment 5.4](#).....Median Opening with Left Turn Lane on Rural High-Speed 4-Lane Divided Highway
- [11-25-10](#) .....Right-Turn Lanes
- [11-25-15](#) .....Turning Roadways (Channelized Right)
- [11-25-20](#) .....Median Openings
- [11-25-25](#) .....Channelization
- [11-25-35](#) .....Auxiliary Lanes
- [11-25-40](#) .....Railroad Crossings
- [11-25-45](#) .....Frontage Roads
- [11-25-50](#) .....Master Reference List

## **Section 11-26 Roundabouts**

- [11-26-1](#) .....Introduction
- [11-26-2](#) .....Roundabout Characteristics and Applications
- [11-26-3](#) .....A Performance-Based Planning and Design Approach
- [11-26-4](#) .....User Considerations

11-26-5 .....	Stakeholder Considerations
11-26-7 .....	Safety Performance Analysis
11-26-8 .....	Operational Performance Analysis
11-26-9 .....	Geometric Design Process and Performance Checks
Attachment 9.1.....	Requirements for Qualified Roundabout Designers (QRD) and Sample Application
Attachment 9.2.....	Roundabout Critical Design Parameters Document
Attachment 9.3.....	Creating Roundabout Fastest Paths (Spline Curves)
11-26-10 .....	Horizontal Alignment and Design
11-26-11 .....	Vertical Alignment and Cross-Section Design
11-26-12 .....	Traffic Control Devices and Applications
Attachment 12.1....	Example Signing Layouts for Typical Designs
Attachment 12.2....	Example Pavement Markings for Typical Designs
11-26-13 .....	Curb and Pavement Details
11-26-14 .....	Illumination and Landscaping
11-26-15 .....	Construction and Maintenance
11-26-16 .....	Plan Preparation and Design Aides

### **Section 11-30 Interchange**

11-30-1 .....	Design Elements
Attachment 1.1.....	Single Lane Entrance Terminal
Attachment 1.2.....	Typical Entrance Ramp Terminal Details
Attachment 1.3.....	Single Lane Exit Terminal
Attachment 1.4.....	Typical Details of Ramp - Mainline Intersections
Attachment 1.5.....	Details of Ramp - Mainline Intersections with Special Turn Lanes
Attachment 1.6.....	Layout for Turning Volumes
11-30-5 .....	Cross Section, Ramp and Crossroad
11-30-10 .....	Collector Distributor Roads
11-30-15 .....	Interstate Access Points – Additional or Revised Access to the Interstate Highway System
Attachment 15.1....	Information Required for New or Revised Interstate Access
Attachment 15.2....	FHWA Prompt List for Reviewing Interstate Access Requests
Attachment 15.3....	Simplified Flowchart for Typical Interstate System Access Change Request and Approval Process
Attachment 15.4....	Interstate Access Justification Report (IAJR) Process - Common Beginning Steps
Attachment 15.5....	Standard Project IAJR Process
Attachment 15.6....	Complex Project IAJR SO&E Process
Attachment 15.7....	High Risk Complex Project IAJR SO&E Process
Attachment 15.8....	IAJR Annual Report Template
Attachment 15.9....	Programmatic Agreement between FHWA and WisDOT Re: Review and Approval of IAJRs

### **Section 11-35 Structures**

11-35-1 .....	Widths, Clearances, Sidewalks and Protective Screening
Attachment 1.1.....	Structure Roadway Widths and Approach Details
Attachment 1.2....	4 - Lane Divided Highway Structure Widths (w/Acceleration Lanes)
Attachment 1.3....	4 - Lane Divided Highway Structure Widths (w/Deceleration Lanes)
Attachment 1.4.....	2, 4, and 6 - Lane Structure Widths (Special Situations)
Attachment 1.5.....	Lateral Underclearance to Structure for Rural Highways, Expressways, and Freeways
Attachment 1.6.....	Lateral Underclearance to Structure for Urban Streets
Attachment 1.7.....	Examples of Lateral Underclearance to Structure
Attachment 1.8.....	Minimum Vertical Clearance for New Bridges and Replacement Bridges
Attachment 1.9.....	Minimum Vertical Clearance for Bridges to Remain
11-35-5 .....	Temporary Bridges
11-35-10 .....	Three Lane Bridge Criteria

### **Section 11-38 Safety Certification Process**

11-38-1 .....	General
11-38-10 .....	Policy
Attachment 10.1....	Safety Certification Process Flowchart
Attachment 10.2....	Safety Evaluation Procedure (Methodology Selection) Flowchart

<a href="#"><u>Attachment 10.3</u></a>	.....Countermeasure Selection Table
<a href="#"><u>Attachment 10.4</u></a>	.....Safety Certification Worksheet
<a href="#"><u>Attachment 10.5</u></a>	.....Safety and Operations Certification Document Template
<a href="#"><u>Attachment 10.6</u></a>	.....Safety and Operations Certification Document Amendment Template
<a href="#"><u>11-38-15</u></a>	.....Documentation
<a href="#"><u>11-38-20</u></a>	.....Examples of the Safety Certification Process
<a href="#"><u>11-38-99</u></a>	.....References

## **Section 11-40 Perpetuation and Rehabilitation Requirements for Highways**

<a href="#"><u>11-40-1</u></a>	.....General Perpetuation and Rehabilitation Requirements for Highways
<a href="#"><u>11-40-6</u></a>	..... Design Standards for Perpetuation Projects
<a href="#"><u>11-40-7</u></a>	.....Design Standards for Rehabilitation Projects
<a href="#"><u>Attachment 7.1</u></a>	.....S-2 Application of Design Criteria for Rehabilitation Projects
<a href="#"><u>Attachment 7.2</u></a>	.....Design Standards for Rehabilitation Projects on Rural State Trunk Highways Functionally Classified as Arterials
<a href="#"><u>Attachment 7.3</u></a>	.....Design Standards for Rehabilitation Projects on Rural State Trunk Highways Functionally Classified as Collectors and Locals
<a href="#"><u>Attachment 7.4</u></a>	.....Design Standards for Rehabilitation Projects on Town Roads
<a href="#"><u>Attachment 7.5</u></a>	.....Design Standards for Rehabilitation Projects on Rural County Trunk Highways Functionally Classified as Arterials
<a href="#"><u>Attachment 7.6</u></a>	.....Design Standards for Rehabilitation Projects on Rural County Trunk Highways Functionally Classified as Collectors and Locals
<a href="#"><u>Attachment 7.7</u></a>	.....Design Criteria for Perpetuation and Rehabilitation Projects on Interstate Highways
<a href="#"><u>11-40-8</u></a>	.....Design Standards for 3R Projects on Expressways and Freeways (Non-Interstate)
<a href="#"><u>11-40-99</u></a>	.....References

## **Section 11-45 Other Elements Affecting Geometric Design**

<a href="#"><u>11-45-10</u></a>	.....Roadside Design Application – Improvement Strategy
<a href="#"><u>11-45-15</u></a>	.....Roadside Barrier - General
<a href="#"><u>11-45-20</u></a>	.....Roadside Hazard Analysis
<a href="#"><u>Attachment 20.1</u></a>	..... Roadside Design Factors to Consider
<a href="#"><u>Attachment 20.2</u></a>	..... AASHTO's Warrant for Shielding Foreslopes
<a href="#"><u>Attachment 20.3</u></a>	..... FHWA Warrants for Shielding Foreslopes
<a href="#"><u>Attachment 20.4</u></a>	..... Shielding Hazardous Cross-Drains
<a href="#"><u>Attachment 20.5</u></a>	..... Shielding Hazardous Water
<a href="#"><u>Attachment 20.6</u></a>	..... Roadway Segments with High Tree Crash Rates
<a href="#"><u>Attachment 20.7</u></a>	..... Shielding Hazardous Trees
<a href="#"><u>Attachment 20.8</u></a>	..... Median Barrier Warrant for New Freeways
<a href="#"><u>Attachment 20.9</u></a>	..... Shielding Hazardous Fixed Objects
<a href="#"><u>Attachment 20.10</u></a>	.....Scoping/Preliminary Roadside Hazard Design Review List
<a href="#"><u>Attachment 20.11</u></a>	.....Roadside Hazard Analysis Sheet Template
<a href="#"><u>Attachment 20.12</u></a>	.....Roadside Hazard Analysis Sheet Example
<a href="#"><u>11-45-30</u></a>	.....Roadside Barrier Design Guidance
<a href="#"><u>Attachment 30.1</u></a>	Example Problem 1: West Side of Structure
<a href="#"><u>Attachment 30.2</u></a>	Example Problem 2: Rock Wall
<a href="#"><u>Attachment 30.3</u></a>	Example Problem 3: Outside of Curve Cattle Pass
<a href="#"><u>Attachment 30.4</u></a>	Example Problem 3: Inside of Curve Cattle Pass
<a href="#"><u>Attachment 30.5</u></a>	Example Beam Guard Plan Sheet
<a href="#"><u>Attachment 30.6</u></a>	Beam Guard Analysis
<a href="#"><u>Attachment 30.7</u></a>	Beam Guard Bullnose
<a href="#"><u>Attachment 30.8</u></a>	Sloped Concrete End Treatment
<a href="#"><u>Attachment 30.9</u></a>	Grading Area for Hazardous Cross-Drain
<a href="#"><u>Attachment 30.10</u></a>	Grading Area for Hazardous Parallel Drain
<a href="#"><u>Attachment 30.11</u></a>	Crash Cushion Selection Tables
<a href="#"><u>Attachment 30.12</u></a>	Length of Barrier and Working Width Examples
<a href="#"><u>Attachment 30.13</u></a>	Barrier Working Width Table
<a href="#"><u>Attachment 30.14</u></a>	Barrier Length Examples
<a href="#"><u>Attachment 30.15</u></a>	Minimum Barrier Length Table
<a href="#"><u>Attachment 30.16</u></a>	Shielding Large Fixed Objects in a Median with Cable Barrier and Other Barrier Systems
<a href="#"><u>Attachment 30.17</u></a>	Median Cable Barrier on a Curve

<a href="#"><u>Attachment 30.18</u></a>	Median Cable Barrier by an Interchange or Bridge
<a href="#"><u>Attachment 30.19</u></a>	Median Cable Barrier by a Maintenance Cross Over
<a href="#"><u>Attachment 30.20</u></a>	Underground Obstructions and Shifting Beam Guard
<a href="#"><u>Attachment 30.21</u></a>	Crash Test Photos Sequence Beam Guard Attached to Rigid Barrier
<a href="#"><u>Attachment 30.22</u></a>	Thrie Beam Transitions to Rigid Barrier Installations
<a href="#"><u>Attachment 30.23</u></a>	Partial Removal of a Middle Section of an Older Barrier Section Details
<a href="#"><u>Attachment 30.24</u></a>	Short Radius
<a href="#"><u>Attachment 30.25</u></a>	Long-Span
<a href="#"><u>Attachment 30.26</u></a>	Beam Guard Retaining Wall
<a href="#"><u>Attachment 30.27</u></a>	Beam Guard Terminal Earthwork
<a href="#"><u>11-45-40</u></a>	.....Fencing
<a href="#"><u>11-45-99</u></a>	.....References

## **Section 11-46 Bicycle and Pedestrian Accommodations**

<a href="#"><u>11-46-1</u></a>	.....Bicycle and Pedestrian Elements Affecting Complete Streets
<a href="#"><u>Attachment 1.1</u></a>	.....FHWA letter
<a href="#"><u>Attachment 1.2</u></a>	.....DOJ/DOT Joint Technical Assistance on the ADA Title II Requirements to Provide Curb Ramps when Streets, Roads, or Highways are Altered through Resurfacing
<a href="#"><u>Attachment 1.3</u></a>	.....Glossary of Terms for DOJ/FHWA Joint Technical Assistance on the ADA Title II Requirements to Provide Curb Ramps when Streets Roads or Highways are Altered Through Resurfacing
<a href="#"><u>11-46-5</u></a>	.....Pedestrian Facilities
<a href="#"><u>Attachment 5.1</u></a>	.....Sidewalk Design Considerations
<a href="#"><u>11-46-10</u></a>	.....Curb Ramps
<a href="#"><u>Attachment 10.1</u></a>	.....Curb Ramp Evaluation Workflow
<a href="#"><u>Attachment 10.2</u></a>	.....Curb Ramp Component Summary Tables
<a href="#"><u>Attachment 10.3</u></a>	.....Technical Infeasibility Form Template
<a href="#"><u>Attachment 10.4</u></a>	.....Pedestrian Signal Push Button Locations
<a href="#"><u>11-46-15</u></a>	.....Bicycle Facilities
<a href="#"><u>11-46-20</u></a>	.....Permanent Public Trail Crossing Rural Public Roads
<a href="#"><u>Attachment 20.1</u></a>	.....Grade Separation Warrants
<a href="#"><u>Attachment 20.2</u></a>	.....Grade Separation Warrant Worksheet
<a href="#"><u>Attachment 20.3</u></a>	.....Sample Grade Separation Warrant Determination
<a href="#"><u>Attachment 20.4</u></a>	.....Sight Distance for Trail Crossing
<a href="#"><u>11-46-99</u></a>	.....References

## **Section 11-50 Traffic Control**

<a href="#"><u>11-50-1</u></a>	.....Work Zone Policy Statement
<a href="#"><u>11-50-5</u></a>	.....Transportation Management Plan Process
<a href="#"><u>Attachment 5.1</u></a>	.....Project Initiation Process & Project Management Plan
<a href="#"><u>Attachment 5.2</u></a>	.....Standard Work Zone Strategy Matrix
<a href="#"><u>Attachment 5.3</u></a>	.....Standard Public Information and Motorist Mitigation Strategy Matrix
<a href="#"><u>Attachment 5.4</u></a>	.....Standard Incident Management Approval Strategy Matrix
<a href="#"><u>Attachment 5.5</u></a>	.....Non-Standard Mitigation Strategy Form
<a href="#"><u>11-50-7</u></a>	.....Mitigation Contracts
<a href="#"><u>Attachment 7.1</u></a>	.....Division of State Patrol Work Zone Law Enforcement Mitigation Contracts Process Map
<a href="#"><u>Attachment 7.2</u></a>	.....Local Agency Contracts Process Map
<a href="#"><u>11-50-10</u></a>	.....Components of a Transportation Management Plan
<a href="#"><u>Attachment 10.1</u></a>	.....Public Information & Outreach Plan Checklist
<a href="#"><u>Attachment 10.2</u></a>	.....Transportation Operations Plan Checklist
<a href="#"><u>Attachment 10.3</u></a>	.....Example Communications Flow Diagram
<a href="#"><u>Attachment 10.4</u></a>	.....Example Emergency Alternatives Route Maps
<a href="#"><u>11-50-15</u></a>	.....Work Zone Traffic Control Plan Process
<a href="#"><u>Attachment 15.1</u></a>	.....Work Zone Traffic Control Plan Process
<a href="#"><u>11-50-20</u></a>	.....Safety and Design in Work Zones
<a href="#"><u>11-50-21</u></a>	.....Safety and Design in Work Zones
<a href="#"><u>Attachment 21.1</u></a>	.....Sample Local Road Detour Designation
<a href="#"><u>Attachment 21.2</u></a>	.....Work Zone Traffic Control Plan Review Checklist
<a href="#"><u>11-50-22</u></a>	.....Traffic Control Plans for Divided Highways
<a href="#"><u>11-50-23</u></a>	.....Traffic Control Plans for Undivided Highways

- [11-50-25](#) ..... Smart Work Zones
- [11-50-30](#) ..... Statewide Freeway and Expressway Lane Closure and Delay Guidelines
- [11-50-31](#) ..... Temporary Pedestrian Accommodations
- [11-50-32](#) ..... Road User Costs
  - [Attachment 32.1](#) .... Alternative Contracting Decision Flowchart
  - [Attachment 32.2](#) .... Cost Plus Bidding Examples
  - [Attachment 32.3](#) .... Cost Plus Lane Rental Bidding Examples
- [11-50-35](#) ..... Concrete Barrier Temporary Precast in Work Zone
- [11-50-45](#) ..... Pavement Marking
- [11-50-50](#) ..... Signals
- [11-50-55](#) ..... Signing
- [11-50-60](#) ..... Lighting

## **Section 11-52 Traffic Engineering and Operations**

- [11-52-1](#) ..... Intelligent Transportation Systems (ITS) Guidance
- [11-52-5](#) ..... Traffic Engineering, Operations and Safety Manual (TEOpS)
- [11-52-10](#) ..... Traffic Signal Design Manual (TSDM)
- [11-52-15](#) ..... Operations Certification Process

## **Section 11-55 Special Features**

- [11-55-1](#) ..... Boat Ramps
  - [Attachment 1.1](#) ..... Boat Ramp Details
  - [Attachment 1.2](#) ..... Pier Details
  - [Attachment 1.3](#) ..... Boat Ramp Example Parking Layouts
  - [Attachment 1.4](#) ..... Boat Ramp Example Parking Layouts
- [11-55-3](#) ..... Timber Management
- [11-55-5](#) ..... Retaining Walls
- [11-55-10](#) ..... Cattle Pass Design
  - [Attachment 10.1](#) .... Documentation for Cattle Pass
- [11-55-20](#) ..... Overhead Sign Structures
  - [Attachment 20.1](#) .... WisDOT Overhead Sign Structure Types
  - [Attachment 20.2](#) .... Overhead Sign Structure Selection Examples
  - [Attachment 20.3](#) .... Overhead Sign Structure Design Process Flow Chart
- [11-55-25](#) ..... Ramp Gates
  - [Attachment 25.1](#) .... Wisconsin Ramp Gate Maintenance and Inspection Guideline
  - [Attachment 25.2](#) .... Inspection Form for Manual Ramp Gates
  - [Attachment 25.3](#) .... Example Ramp Closed Use Alternative Route (R11-54F) Sign Details
